

SIXTEEN DIE WHEN TRAIN PLUNGES INTO BED OF TORRENT

A Cloudburst Washes Out
Tracks, Engine and Car
Are Submerged.

ENGINEER IS A HERO

Sticks to Post and Killed;
Smoker, Telescoped,
Trap of Death.

DENVER, Sept. 23.—Sixteen persons lost their lives and three others sustained more or less severe injuries in the wreck, two miles east of Clayton, Kans., early this morning on west bound Rock Island passenger train No. 17, which was due in Denver at 1:25 this morning.

The known dead:
F. Pickelhaug, Goodland, engineer.
A. Huffman, Kansas City, baggage man.

J. W. Cahor, Denver, conductor.
William Miller, Goodland, Kans., right arm broken.

Victor Engle, Birmingham, Ala., bruised and cut, no serious injuries.
Mrs. T. H. Evans, Langton, Kans., head cut.

John Miller, Stratton, Colo., head and face cut.
D. Hughes, no address given, side cut.

A. H. Vis, Blue Rapids, Kans., left leg broken.
Mrs. Anna Smith, Colorado Springs, Colo., head and chest cut.

C. A. Smith, Colorado Springs, Colo., land and wrist cut.
Henry Ahlers, Meant, Mo., slightly.

Helen Hanson, Colorado Springs, Colo., slightly.
Most of the dead and injured were in the smoker and one day coach.

RESULT OF CLOUDBURST.
The wreck was the result of a cloudburst, which carried out a fill at what is normally almost a dry bed, turning the latter into a torrent many yards wide and many feet deep, and washing out nearly a thousand feet of track in the vicinity of the wreck.

The train, running at full speed, plunged into the gap, the engine and mail car going down into twenty feet of water, and the chair car almost telescoping the smoker ahead of it, many of the passengers in the two cars being almost instantly killed. Others were carried into the rushing stream with the wreckage, and it was many hours before their bodies could be recovered.

Passengers in the Pullman and other day coach, hurled from their berths and chairs by the shock, hurried out into the storm and rendered what aid they could to the injured, getting the mangled bodies out of the wreckage. News of the wreck was hurried to headquarters and within an hour nurses, physicians and a wreck train was being hurried to the scene from Norton, Colo., Goodland and Phillipsburg.

It was not until late this afternoon, however, that the last body was recovered from the wreckage.

Members of the Topeka baseball team of the Western League on their way to Denver were occupants of the Pullman, but escaped injury.

ENGINEER HERO
The train was proceeding on a standard stretch of track. Evidently the first indication the engineer had of any danger came when he realized that the forward portion of the train was running in water which had spread out over the tracks near the fill. Reversing his engine, he tried to prevent the wreck, but not enough to prevent the engine, baggage car and smoker going over into the depression.

The rear end of the smoker remained tilted on the creek bank and the chair car, having its way into the smoker, squashed it to pieces and killing or injuring many of the passengers.

As nearly as can be learned here tonight, all the passengers killed were occupants of the smoker.

It is certain that Engineer Pickelhaug could have jumped and saved himself but he remained at his post and did everything possible to prevent the train running into the ditch.

The three Pullmans remained on the track and the occupants of those cars were unhurt.

The dead and injured were taken to Norton, Kansas.

One of the injured is in a serious condition.

The washout was repaired late this evening and traffic resumed.

GEN. BRAYTON, RHODE ISLAND "BOSS," DIES

PROVIDENCE, R. I., Sept. 23.—General Charles R. Brayton, the bilious leader of the Rhode Island Republicans, and the Rhode Island member of the National Republican committee, died here today.

The death of General Brayton removes from public life a man who for more than a generation had been the central figure of Rhode Island politics. He was generally known as "The Blind Boss."

Often he had been bitterly attacked by political enemies and his dominion, labeled by the Democratic party as "Braytonism," frequently had been a campaign issue.

Charles Ray Brayton was in the Civil War and at its close he was brevetted brigadier general, "for faithful and meritorious service."

JAP AND AMERICAN GIRL FREE TO WED

OAKLAND, Sept. 23.—Rayda Reed, an 18-year-old white girl, and Kunio Toka, a Japanese, who were arrested yesterday after they had fled from Salt Lake in search of a city where they would be allowed to marry, were released today and will continue on their way to kinder laws and pastors. In response to a telegram sent by Captain of Detectives Peterson to the girl's father yesterday, the following laconic answer was received this morning:

"Girl of age. If any law put them in jail—James Reed."

ROOSEVELT AND OLD GUARD BOTH EXPECT TO WIN AT SARATOGA

NEW YORK, Sept. 23.—The pre-convention fight between the Republican Old Guard and the Progressives virtually closed today. After a day of conferences with politicians from various parts of the state, Colonel Roosevelt said that his chance for victory was even better than yesterday when he predicted that in at least 100 delegates at the Saratoga convention next week.

Colonel Roosevelt spent some time today in going over the draft of a platform. A direct primary plank in particular was considered at length, but no one was willing to say how it should be shaped. Tariff and labor planks also received careful consideration.

Republicans pledging support to Theodore Roosevelt in every step he may take in his effort to popularize party government and to effect equal representation in business were expected here today at a meeting of the executive committee of the Republican League Club of the state of New York.

A telegram was also sent to President Taft expressing approval of the stand he took in his letter to Lloyd C. Griscom defining his attitude toward the contest between Colonel Roosevelt and the Old Guard.

PREPARE FOR WAR
SARATOGA, Sept. 23.—Prepared for one of the bitterest struggles in the annals of the Republican politics for control of the state convention, the Old Guard moved on Saratoga tonight. Timothy L. Woodruff, who said that the contest will be close, but is still in his belief that the convention will endorse the selection of Vice President Sherman by the state committee as its temporary chairman.

"It is quite true," said Woodruff, "that we have lost some delegates from districts we had reason to expect would support Mr. Sherman, but as an offset from other quarters that delegates elected by the Progressives will be recorded in the Sherman column."

During the five months that the girl has been missing, several attempts have been made to find her. The last time a young man called to see her several times and finally left her a note. The girl dropped out of sight completely, leaving all her belongings in her room.

Two months ago a family named Craighton moved into the Eureka street house. They found an old trunk there with chains on it. The trunk smelled badly and the health department was notified. The city chemist examined the trunk and reported that the stains were made by paint.

Shortly after the family moved away and nothing more was thought of this matter.

ASSISTANT GIVES CLUE
Two days ago, Frank Gordon, Dr. Grant's chief assistant, informed the police that a body was buried in the yard of the Eureka street house. Detectives went there and after working until tonight discovered the remains of Miss Swan, wrapped in a sheet sprinkled with acid, buried under a cement floor near a sewer.

Dr. Grant and Miss Messersmith, who had been under surveillance since Gordon told his story to the police, were at once taken into custody.

It was evident that the body had been buried for several months and it had been transported in the trunk.

The police have sent for a Passo Robles ranchman who is supposed to have been friendly with Miss Swan and is said to have been the same man who called for the girl on the day she disappeared.

It was learned before the Craighton family moved into the Eureka street house two men had lived there for a short time. The addresses these men gave to the agent of the house proved false.

It is constantly charged that the Democratic party is a party of negation. This is not true. If entrusted with power, the Democratic program would certainly include: First, a reduction of the tariff; second, an increase of our foreign trade; third, a reduction of the tariff; fourth, a reduction of the tariff; fifth, a reduction of the tariff; sixth, a reduction of the tariff; seventh, a reduction of the tariff; eighth, a reduction of the tariff; ninth, a reduction of the tariff; tenth, a reduction of the tariff; eleventh, a reduction of the tariff; twelfth, a reduction of the tariff; thirteenth, a reduction of the tariff; fourteenth, a reduction of the tariff; fifteenth, a reduction of the tariff; sixteenth, a reduction of the tariff; seventeenth, a reduction of the tariff; eighteenth, a reduction of the tariff; nineteenth, a reduction of the tariff; twentieth, a reduction of the tariff; twenty-first, a reduction of the tariff; twenty-second, a reduction of the tariff; twenty-third, a reduction of the tariff; twenty-fourth, a reduction of the tariff; twenty-fifth, a reduction of the tariff; twenty-sixth, a reduction of the tariff; twenty-seventh, a reduction of the tariff; twenty-eighth, a reduction of the tariff; twenty-ninth, a reduction of the tariff; thirtieth, a reduction of the tariff; thirty-first, a reduction of the tariff; thirty-second, a reduction of the tariff; thirty-third, a reduction of the tariff; thirty-fourth, a reduction of the tariff; thirty-fifth, a reduction of the tariff; thirty-sixth, a reduction of the tariff; thirty-seventh, a reduction of the tariff; thirty-eighth, a reduction of the tariff; thirty-ninth, a reduction of the tariff; fortieth, a reduction of the tariff; forty-first, a reduction of the tariff; forty-second, a reduction of the tariff; forty-third, a reduction of the tariff; forty-fourth, a reduction of the tariff; forty-fifth, a reduction of the tariff; forty-sixth, a reduction of the tariff; forty-seventh, a reduction of the tariff; forty-eighth, a reduction of the tariff; forty-ninth, a reduction of the tariff; fiftieth, a reduction of the tariff; fifty-first, a reduction of the tariff; fifty-second, a reduction of the tariff; fifty-third, a reduction of the tariff; fifty-fourth, a reduction of the tariff; fifty-fifth, a reduction of the tariff; fifty-sixth, a reduction of the tariff; fifty-seventh, a reduction of the tariff; fifty-eighth, a reduction of the tariff; fifty-ninth, a reduction of the tariff; sixtieth, a reduction of the tariff; sixty-first, a reduction of the tariff; sixty-second, a reduction of the tariff; sixty-third, a reduction of the tariff; sixty-fourth, a reduction of the tariff; sixty-fifth, a reduction of the tariff; sixty-sixth, a reduction of the tariff; sixty-seventh, a reduction of the tariff; sixty-eighth, a reduction of the tariff; sixty-ninth, a reduction of the tariff; seventieth, a reduction of the tariff; seventy-first, a reduction of the tariff; seventy-second, a reduction of the tariff; seventy-third, a reduction of the tariff; seventy-fourth, a reduction of the tariff; seventy-fifth, a reduction of the tariff; seventy-sixth, a reduction of the tariff; seventy-seventh, a reduction of the tariff; seventy-eighth, a reduction of the tariff; seventy-ninth, a reduction of the tariff; eightieth, a reduction of the tariff; eighty-first, a reduction of the tariff; eighty-second, a reduction of the tariff; eighty-third, a reduction of the tariff; eighty-fourth, a reduction of the tariff; eighty-fifth, a reduction of the tariff; eighty-sixth, a reduction of the tariff; eighty-seventh, a reduction of the tariff; eighty-eighth, a reduction of the tariff; eighty-ninth, a reduction of the tariff; ninetieth, a reduction of the tariff; ninety-first, a reduction of the tariff; ninety-second, a reduction of the tariff; ninety-third, a reduction of the tariff; ninety-fourth, a reduction of the tariff; ninety-fifth, a reduction of the tariff; ninety-sixth, a reduction of the tariff; ninety-seventh, a reduction of the tariff; ninety-eighth, a reduction of the tariff; ninety-ninth, a reduction of the tariff; one hundredth, a reduction of the tariff; one hundred and first, a reduction of the tariff; one hundred and second, a reduction of the tariff; one hundred and third, a reduction of the tariff; one hundred and fourth, a reduction of the tariff; one hundred and fifth, a reduction of the tariff; one hundred and sixth, a reduction of the tariff; one hundred and seventh, a reduction of the tariff; one hundred and eighth, a reduction of the tariff; one hundred and ninth, a reduction of the tariff; one hundred and tenth, a reduction of the tariff; one hundred and eleventh, a reduction of the tariff; one hundred and twelfth, a reduction of the tariff; one hundred and thirteenth, a reduction of the tariff; one hundred and fourteenth, a reduction of the tariff; one hundred and fifteenth, a reduction of the tariff; one hundred and sixteenth, a reduction of the tariff; one hundred and seventeenth, a reduction of the tariff; one hundred and eighteenth, a reduction of the tariff; one hundred and nineteenth, a reduction of the tariff; one hundred and twentieth, a reduction of the tariff; one hundred and twenty-first, a reduction of the tariff; one hundred and twenty-second, a reduction of the tariff; one hundred and twenty-third, a reduction of the tariff; one hundred and twenty-fourth, a reduction of the tariff; one hundred and twenty-fifth, a reduction of the tariff; one hundred and twenty-sixth, a reduction of the tariff; one hundred and twenty-seventh, a reduction of the tariff; one hundred and twenty-eighth, a reduction of the tariff; one hundred and twenty-ninth, a reduction of the tariff; one hundred and thirtieth, a reduction of the tariff; one hundred and thirty-first, a reduction of the tariff; one hundred and thirty-second, a reduction of the tariff; one hundred and thirty-third, a reduction of the tariff; one hundred and thirty-fourth, a reduction of the tariff; one hundred and thirty-fifth, a reduction of the tariff; one hundred and thirty-sixth, a reduction of the tariff; one hundred and thirty-seventh, a reduction of the tariff; one hundred and thirty-eighth, a reduction of the tariff; one hundred and thirty-ninth, a reduction of the tariff; one hundred and fortieth, a reduction of the tariff; one hundred and forty-first, a reduction of the tariff; one hundred and forty-second, a reduction of the tariff; one hundred and forty-third, a reduction of the tariff; one hundred and forty-fourth, a reduction of the tariff; one hundred and forty-fifth, a reduction of the tariff; one hundred and forty-sixth, a reduction of the tariff; one hundred and forty-seventh, a reduction of the tariff; one hundred and forty-eighth, a reduction of the tariff; one hundred and forty-ninth, a reduction of the tariff; one hundred and fiftieth, a reduction of the tariff; one hundred and fifty-first, a reduction of the tariff; one hundred and fifty-second, a reduction of the tariff; one hundred and fifty-third, a reduction of the tariff; one hundred and fifty-fourth, a reduction of the tariff; one hundred and fifty-fifth, a reduction of the tariff; one hundred and fifty-sixth, a reduction of the tariff; one hundred and fifty-seventh, a reduction of the tariff; one hundred and fifty-eighth, a reduction of the tariff; one hundred and fifty-ninth, a reduction of the tariff; one hundred and sixtieth, a reduction of the tariff; one hundred and sixty-first, a reduction of the tariff; one hundred and sixty-second, a reduction of the tariff; one hundred and sixty-third, a reduction of the tariff; one hundred and sixty-fourth, a reduction of the tariff; one hundred and sixty-fifth, a reduction of the tariff; one hundred and sixty-sixth, a reduction of the tariff; one hundred and sixty-seventh, a reduction of the tariff; one hundred and sixty-eighth, a reduction of the tariff; one hundred and sixty-ninth, a reduction of the tariff; one hundred and seventieth, a reduction of the tariff; one hundred and seventy-first, a reduction of the tariff; one hundred and seventy-second, a reduction of the tariff; one hundred and seventy-third, a reduction of the tariff; one hundred and seventy-fourth, a reduction of the tariff; one hundred and seventy-fifth, a reduction of the tariff; one hundred and seventy-sixth, a reduction of the tariff; one hundred and seventy-seventh, a reduction of the tariff; one hundred and seventy-eighth, a reduction of the tariff; one hundred and seventy-ninth, a reduction of the tariff; one hundred and eightieth, a reduction of the tariff; one hundred and eighty-first, a reduction of the tariff; one hundred and eighty-second, a reduction of the tariff; one hundred and eighty-third, a reduction of the tariff; one hundred and eighty-fourth, a reduction of the tariff; one hundred and eighty-fifth, a reduction of the tariff; one hundred and eighty-sixth, a reduction of the tariff; one hundred and eighty-seventh, a reduction of the tariff; one hundred and eighty-eighth, a reduction of the tariff; one hundred and eighty-ninth, a reduction of the tariff; one hundred and ninetieth, a reduction of the tariff; one hundred and ninety-first, a reduction of the tariff; one hundred and ninety-second, a reduction of the tariff; one hundred and ninety-third, a reduction of the tariff; one hundred and ninety-fourth, a reduction of the tariff; one hundred and ninety-fifth, a reduction of the tariff; one hundred and ninety-sixth, a reduction of the tariff; one hundred and ninety-seventh, a reduction of the tariff; one hundred and ninety-eighth, a reduction of the tariff; one hundred and ninety-ninth, a reduction of the tariff; two hundredth, a reduction of the tariff; two hundred and first, a reduction of the tariff; two hundred and second, a reduction of the tariff; two hundred and third, a reduction of the tariff; two hundred and fourth, a reduction of the tariff; two hundred and fifth, a reduction of the tariff; two hundred and sixth, a reduction of the tariff; two hundred and seventh, a reduction of the tariff; two hundred and eighth, a reduction of the tariff; two hundred and ninth, a reduction of the tariff; two hundred and tenth, a reduction of the tariff; two hundred and eleventh, a reduction of the tariff; two hundred and twelfth, a reduction of the tariff; two hundred and thirteenth, a reduction of the tariff; two hundred and fourteenth, a reduction of the tariff; two hundred and fifteenth, a reduction of the tariff; two hundred and sixteenth, a reduction of the tariff; two hundred and seventeenth, a reduction of the tariff; two hundred and eighteenth, a reduction of the tariff; two hundred and nineteenth, a reduction of the tariff; two hundred and twentieth, a reduction of the tariff; two hundred and twenty-first, a reduction of the tariff; two hundred and twenty-second, a reduction of the tariff; two hundred and twenty-third, a reduction of the tariff; two hundred and twenty-fourth, a reduction of the tariff; two hundred and twenty-fifth, a reduction of the tariff; two hundred and twenty-sixth, a reduction of the tariff; two hundred and twenty-seventh, a reduction of the tariff; two hundred and twenty-eighth, a reduction of the tariff; two hundred and twenty-ninth, a reduction of the tariff; two hundred and thirtieth, a reduction of the tariff; two hundred and thirty-first, a reduction of the tariff; two hundred and thirty-second, a reduction of the tariff; two hundred and thirty-third, a reduction of the tariff; two hundred and thirty-fourth, a reduction of the tariff; two hundred and thirty-fifth, a reduction of the tariff; two hundred and thirty-sixth, a reduction of the tariff; two hundred and thirty-seventh, a reduction of the tariff; two hundred and thirty-eighth, a reduction of the tariff; two hundred and thirty-ninth, a reduction of the tariff; two hundred and fortieth, a reduction of the tariff; two hundred and forty-first, a reduction of the tariff; two hundred and forty-second, a reduction of the tariff; two hundred and forty-third, a reduction of the tariff; two hundred and forty-fourth, a reduction of the tariff; two hundred and forty-fifth, a reduction of the tariff; two hundred and forty-sixth, a reduction of the tariff; two hundred and forty-seventh, a reduction of the tariff; two hundred and forty-eighth, a reduction of the tariff; two hundred and forty-ninth, a reduction of the tariff; two hundred and fiftieth, a reduction of the tariff; two hundred and fifty-first, a reduction of the tariff; two hundred and fifty-second, a reduction of the tariff; two hundred and fifty-third, a reduction of the tariff; two hundred and fifty-fourth, a reduction of the tariff; two hundred and fifty-fifth, a reduction of the tariff; two hundred and fifty-sixth, a reduction of the tariff; two hundred and fifty-seventh, a reduction of the tariff; two hundred and fifty-eighth, a reduction of the tariff; two hundred and fifty-ninth, a reduction of the tariff; two hundred and sixtieth, a reduction of the tariff; two hundred and sixty-first, a reduction of the tariff; two hundred and sixty-second, a reduction of the tariff; two hundred and sixty-third, a reduction of the tariff; two hundred and sixty-fourth, a reduction of the tariff; two hundred and sixty-fifth, a reduction of the tariff; two hundred and sixty-sixth, a reduction of the tariff; two hundred and sixty-seventh, a reduction of the tariff; two hundred and sixty-eighth, a reduction of the tariff; two hundred and sixty-ninth, a reduction of the tariff; two hundred and seventieth, a reduction of the tariff; two hundred and seventy-first, a reduction of the tariff; two hundred and seventy-second, a reduction of the tariff; two hundred and seventy-third, a reduction of the tariff; two hundred and seventy-fourth, a reduction of the tariff; two hundred and seventy-fifth, a reduction of the tariff; two hundred and seventy-sixth, a reduction of the tariff; two hundred and seventy-seventh, a reduction of the tariff; two hundred and seventy-eighth, a reduction of the tariff; two hundred and seventy-ninth, a reduction of the tariff; two hundred and eightieth, a reduction of the tariff; two hundred and eighty-first, a reduction of the tariff; two hundred and eighty-second, a reduction of the tariff; two hundred and eighty-third, a reduction of the tariff; two hundred and eighty-fourth, a reduction of the tariff; two hundred and eighty-fifth, a reduction of the tariff; two hundred and eighty-sixth, a reduction of the tariff; two hundred and eighty-seventh, a reduction of the tariff; two hundred and eighty-eighth, a reduction of the tariff; two hundred and eighty-ninth, a reduction of the tariff; two hundred and ninetieth, a reduction of the tariff; two hundred and ninety-first, a reduction of the tariff; two hundred and ninety-second, a reduction of the tariff; two hundred and ninety-third, a reduction of the tariff; two hundred and ninety-fourth, a reduction of the tariff; two hundred and ninety-fifth, a reduction of the tariff; two hundred and ninety-sixth, a reduction of the tariff; two hundred and ninety-seventh, a reduction of the tariff; two hundred and ninety-eighth, a reduction of the tariff; two hundred and ninety-ninth, a reduction of the tariff; two hundredth, a reduction of the tariff; two hundred and first, a reduction of the tariff; two hundred and second, a reduction of the tariff; two hundred and third, a reduction of the tariff; two hundred and fourth, a reduction of the tariff; two hundred and fifth, a reduction of the tariff; two hundred and sixth, a reduction of the tariff; two hundred and seventh, a reduction of the tariff; two hundred and eighth, a reduction of the tariff; two hundred and ninth, a reduction of the tariff; two hundred and tenth, a reduction of the tariff; two hundred and eleventh, a reduction of the tariff; two hundred and twelfth, a reduction of the tariff; two hundred and thirteenth, a reduction of the tariff; two hundred and fourteenth, a reduction of the tariff; two hundred and fifteenth, a reduction of the tariff; two hundred and sixteenth, a reduction of the tariff; two hundred and seventeenth, a reduction of the tariff; two hundred and eighteenth, a reduction of the tariff; two hundred and nineteenth, a reduction of the tariff; two hundred and twentieth, a reduction of the tariff; two hundred and twenty-first, a reduction of the tariff; two hundred and twenty-second, a reduction of the tariff; two hundred and twenty-third, a reduction of the tariff; two hundred and twenty-fourth, a reduction of the tariff; two hundred and twenty-fifth, a reduction of the tariff; two hundred and twenty-sixth, a reduction of the tariff; two hundred and twenty-seventh, a reduction of the tariff; two hundred and twenty-eighth, a reduction of the tariff; two hundred and twenty-ninth, a reduction of the tariff; two hundred and thirtieth, a reduction of the tariff; two hundred and thirty-first, a reduction of the tariff; two hundred and thirty-second, a reduction of the tariff; two hundred and thirty-third, a reduction of the tariff; two hundred and thirty-fourth, a reduction of the tariff; two hundred and thirty-fifth, a reduction of the tariff; two hundred and thirty-sixth, a reduction of the tariff; two hundred and thirty-seventh, a reduction of the tariff; two hundred and thirty-eighth, a reduction of the tariff; two hundred and thirty-ninth, a reduction of the tariff; two hundred and fortieth, a reduction of the tariff; two hundred and forty-first, a reduction of the tariff; two hundred and forty-second, a reduction of the tariff; two hundred and forty-third, a reduction of the tariff; two hundred and forty-fourth, a reduction of the tariff; two hundred and forty-fifth, a reduction of the tariff; two hundred and forty-sixth, a reduction of the tariff; two hundred and forty-seventh, a reduction of the tariff; two hundred and forty-eighth, a reduction of the tariff; two hundred and forty-ninth, a reduction of the tariff; two hundred and fiftieth, a reduction of the tariff; two hundred and fifty-first, a reduction of the tariff; two hundred and fifty-second, a reduction of the tariff; two hundred and fifty-third, a reduction of the tariff; two hundred and fifty-fourth, a reduction of the tariff; two hundred and fifty-fifth, a reduction of the tariff; two hundred and fifty-sixth, a reduction of the tariff; two hundred and fifty-seventh, a reduction of the tariff; two hundred and fifty-eighth, a reduction of the tariff; two hundred and fifty-ninth, a reduction of the tariff; two hundred and sixtieth, a reduction of the tariff; two hundred and sixty-first, a reduction of the tariff; two hundred and sixty-second, a reduction of the tariff; two hundred and sixty-third, a reduction of the tariff; two hundred and sixty-fourth, a reduction of the tariff; two hundred and sixty-fifth, a reduction of the tariff; two hundred and sixty-sixth, a reduction of the tariff; two hundred and sixty-seventh, a reduction of the tariff; two hundred and sixty-eighth, a reduction of the tariff; two hundred and sixty-ninth, a reduction of the tariff; two hundred and seventieth, a reduction of the tariff; two hundred and seventy-first, a reduction of the tariff; two hundred and seventy-second, a reduction of the tariff; two hundred and seventy-third, a reduction of the tariff; two hundred and seventy-fourth, a reduction of the tariff; two hundred and seventy-fifth, a reduction of the tariff; two hundred and seventy-sixth, a reduction of the tariff; two hundred and seventy-seventh, a reduction of the tariff; two hundred and seventy-eighth, a reduction of the tariff; two hundred and seventy-ninth, a reduction of the tariff; two hundred and eightieth, a reduction of the tariff; two hundred and eighty-first, a reduction of the tariff; two hundred and eighty-second, a reduction of the tariff; two hundred and eighty-third, a reduction of the tariff; two hundred and eighty-fourth, a reduction of the tariff; IGNORE BROWNE ON CONVENTION FLOOR

Democratic Convention Also Repudiates Lorimer; Clark Shouts Victory.

EAST ST. LOUIS, Ill., Sept. 23.—Lee O'Neil Browne, recently acquitted of bribery in connection with the election of United States Senator Lorimer, was refused recognition today on the floor of the Democratic state convention. As a member of the state committee he was told by Roger C. Sullivan, national committee man of the Democratic party in Illinois, not to assert himself.

In reading the list of members of the resolutions committee and the secretary read the name "L. O. Browne."

A delegate asked: "Who is this L. O. Browne?"

This question was ignored by the chair, and when the delegate insisted on a reply, Browne asked permission to be heard.

"If the gentleman wishes information, I am the man to give it to him," he was not allowed to reply, and Congressman Henry T. Rainey, chairman, obtained order under difficulties.

AGAIN REFUSED.

The second refusal came to Browne just as the convention adjourned after the adoption of the platform. With the motion for adjournment pending, Browne stood with his friends in the center of the hall demanding recognition. He was ignored.

After the convention was brought to a close, he made his way to the chairman and explained he wanted to say he could not approve of that part of the platform which referred to United States Senator Lorimer.

The Democratic party, according to

it is a curious woman who can't have confidence in Dr. Pierce's Favorite Prescription. Here is a tonic for tired-out womankind, a remedy for all its peculiar ills and ailments—and it doesn't help you, then, nothing to pay.

What more can you ask for in a medicine?

The "Prescription" will build up, strengthen, and invigorate the entire female system. It regulates and promotes all the proper functions, improves digestion, enriches the blood, dispels aches and pains, restores regular sleep, and restores health and vitality. It is a "cure-all" of every kind and in all chronic weaknesses and derangements. It's the only medicine that can be taken without alcohol, a remedy of known composition.

Nothing urged in its place by a dealer, though it may be better for him to sell it, than "just as good" for you to buy.

Do Eyes Come Back?

The answer is no, but your eyesight can be improved and preserved by the wearing of glasses if they are properly fitted. If you are worried about your eyes, bring them to me. I can locate the trouble instantly and if I fit you with glasses, you can rest assured that everything within human power has been done to help your eyes. No one understands the eye better than I do.

TARIFF DEFENDED BY SERENO PAYNE

Declares Revision Really Downward and Law a Benefit to Country.

LYONS, N. Y., Sept. 23.—Representative Sereno E. Payne, chairman of the Ways and Means committee of the House, author of the tariff bill bearing his name, made a warm defense of that measure before the congressional convention which renominated him here today. He said in part:

"I have always been ready to give an account of my stewardship to my constituents. There has been a much of unjust criticism, so many mistaken statements, that I feel it my duty to say a half that it seems more fitting than ever to speak somewhat in detail of what has been accomplished."

"The platform promised a revision of the tariff that should provide a duty equal to the difference in cost of labor here and abroad with a reasonable profit to the manufacturer. It promised this as to each article, whether it resulted in raising or lowering the tariff on that article."

"Of course, intelligent men generally familiar with the tariff believe that such a revision would be downward on most articles."

"The matter of preparation of a tariff bill is a most perplexing one. Under the definition of what the bill should contain in a platform as plain as the task is not easy. With a different wage scale in every country and with differences in wages in every part of each country, honest men, seeing the difference in labor cost here and abroad, will not agree in all their conclusions. To reconcile this difference among twelve men selected for the task was a part of the tariff work before these differences had to be settled by a majority vote."

SOME BAD ITEMS.

"The results of our deliberations was most satisfactory to me in general results, although there were other items, like those of the wool schedule, which I am anxious to revise. It was a source of great disappointment to me after two exhaustive and extended hearings, that I was not able to present any program that a majority of the committee would not for a revision of this schedule. The reason was not that the committee was unduly influenced by those interested but that they could not agree upon the labor cost of producing wool and woolen goods in this country and abroad with a reasonable profit to the producers. Of course, this was the woolen schedule, which was in the hands of the wool growers with one or two small reductions in duties."

"Some of the amendments proposed by the Senate were good amendments and improved the bill and when it got into conference, so far as the woolen schedule was concerned, amendments agreed to and nearly all of them."

REVISION DOWNWARD.

"The law, as it was signed by the President, has resulted in a general revision downward and no amount of special pleading, no statement of facts, nor any suppression of material facts, will ever make it appear otherwise."

"The law has turned a deficit of \$25,000,000 into a surplus of more than \$22,000,000 in its first year's operation. It is a revenue producer. We put increased duties on wine, liquors and like luxuries. We have no apologies to make for it. These are the articles, on which the revenues of the government should be raised as far as possible."

"It is an easy thing to say that the present tariff is too high, but it is impossible to prove it. It is almost impossible to find a single item on which the tariff was increased in which the price has shown a similar increase. On the other hand, on nearly every item where we reduced the tariff or where we have maintained the old price and sometimes increased it. We reduced the tariff on lumber from \$2 to \$1.25, and lumber brings the same old price. We reduced the duty on shingles from 30 to 20 cents and the price of shingles has been lower ever since the act became a law. I could enumerate these items by the hour, showing that the price has no relation whatever to the changes in the tariff act."

"The increase of the price of articles of world-wide. No other country during the last three or four years has gone through a general tariff revision and yet every country shows the same increase on the necessities of life."

PREDICTS VICTORY.

"The internecine war of the Republicans has enveloped the whole land and to even the fullest mind the evidence of Republican dissolution must be apparent," said Congressman Champ Clark of Missouri, the majority speaker.

"The Democratic party today is the party of the future. The platform of the Democrats has developed the whole land and to even the fullest mind the evidence of Republican dissolution must be apparent," said Congressman Champ Clark of Missouri, the majority speaker.

"The Democratic party today is the party of the future. The platform of the Democrats has developed the whole land and to even the fullest mind the evidence of Republican dissolution must be apparent," said Congressman Champ Clark of Missouri, the majority speaker.

CITIES SHOW GAIN IN CENSUS COUNT

WASHINGTON, Sept. 23.—Population statistics were made public today as follows:

River Mass., 129,215, an increase of 14,423, or 12.8 per cent, over 104,822 in 1900.

Cambridge, Mass., 104,829, an increase of 12,953, or 14.1 per cent, over 91,886 in 1900.

Spring Mass., 92,235, an increase of 20,512, or 20.4 per cent, over 71,723 in 1900.

Chelsea, Mass., 32,452, a decrease of 1,620, or 4.8 per cent, from 34,072 in 1900.

Savannah, Ga., 55,064, an increase of 10,870, or 19.9 per cent, as compared with 44,194 in 1900.

Better Health

A Pleasant Sense of Health and Strength Renewed and of Ease and Comfort

DENY ANY CONSPIRACY TO KILL THE MIKADO

TOKIO, Sept. 23.—Official and positive denial was made today of the recent statement of the Hochi Shimbun that a conspiracy against the life of the Emperor had been discovered among some of his own subjects and the plotters arrested.

The police state that a number of anarchists have been arrested on suspicion of having been engaged in the manufacture of bombs. The Emperor, who was formerly connected with a Tokyo newspaper and at one time lived in America, where, it is believed, he was associated with a political organization on the Pacific Coast. He is awaiting trial with the others.

MEXICAN FAILS TO GET EXTRADITION

Escapes From Tia Juana, But Is Hunted Back By Rurals in Auto.

SAN DIEGO, CAL., Sept. 23.—When Manuel Flores, a Mexican, broke jail at Tia Juana, Lower California, and escaped across the line to San Diego, he did not reckon on the possibility of a return to his native land without a hearing in the American courts. He was arrested in San Diego last night by United States immigration officials, placed in the county jail, and this morning delivered to the Mexican authorities.

Early today a rural appeared at the jail and demanded the prisoner. He was laughed at. He went to the office of the immigration inspector and later the inspector demanded the prisoner of the sheriff. Inasmuch as the man was not subject to the inspector's order, the demand was complied with and he was hustled into a waiting automobile and hurried across the line without being allowed to engage an attorney or have a hearing.

ORGANIZER OF I. O. O. F. IS GIVEN A SURPRISE AT VISALIA

Effort Is Made for a Longer Stop-Over of Ministers' Excursion.

New High School Will Not Be Ready Before Next Fall for Occupancy.

VISALIA, Sept. 23.—Seventy-five members of Court (Grand) I. O. O. F. gave a surprise to Organizer Bingham in Stevens hall last night, the occasion being the departure of the ministers' excursion. The surprise was given in the hall and the ministers were in order during the latter part of the evening. Mr. Bingham was presented with a handsome traveling case, Mrs. J. T. Boyer making the presentation speech.

An effort is being made by the board of trade through District Freight and Passenger Agent Hixon of Fresno to secure the stopping over of the ministers' excursion for two hours Tuesday instead of one, giving opportunity for taking the visitors on this city and vicinity in autos. A part of the time will be taken up in serving breakfast at the M. E. church.

It is generally understood that no attempt will be made to put the new high school building in use before next fall. The time between its completion next March and the beginning of September will be utilized in furnishing the interior, parking the grounds, contiguous to the building and equipping the playgrounds and adding the field adjacent.

Amended articles of incorporation of the Tulare Building and Loan association have been filed. The amount of money to be contributed by the members is \$100,000. The directors are C. M. Hahn, C. F. Hall, J. E. Wiley, E. M. Schmitt, W. H. Malt, J. A. Allen, S. Wilkerson, H. H. Francisco and A. J. Pillsbury.

The "Tulare" is the name of the new building for the association, which will be the residence of the following officers:

President, Perry Swanson, vice president, John Cook, secretary, Gus Walter, treasurer, Everett Morgan, clerk, Nathan Smith, committee, Percy Lucas, Nathan Smith, Percy Jones, instructor, E. W. Lang.

An action has been commenced by E. C. Clement who holds an assigned note of the "Tulare" Building and Loan association for \$100, against E. J. Fremont, a local attorney. The latter claims, it is understood, that the company has not fulfilled certain promises made relative to purchase and improvement on lands sold.

E. O. Larking of this city, candidate

CHRONIC ULCERS INDICATE BAD BLOOD

Where the blood is pure any wound or laceration of the flesh heals "by first intention." This is true because nature has provided a constituent to the circulation known as Plasma, which joins and holds the place together until the fibres and tissues can permanently knit and interweave. Whenever the ulcer becomes chronic it is because this healing quality of the blood has been impaired by some impurity in the circulation, and the place remains open, infecting all surrounding flesh, until the character of the circulation is changed. No sore can heal where the blood is bad; because the morbid impurities on which it thrives are constantly deposited into it by the burdened circulation. Cleanse the blood and the sore will heal of its own accord, because then its very source and foundation will have been destroyed. S. S. S. cures Chronic Ulcers of every kind for the one great reason that it thoroughly purifies the blood. It goes into the circulation and removes every particle of infections or morbid matter, enriches the blood, and assists nature in the formation of the necessary plastic qualities of this vital fluid.

No matter what source the impurities of the blood came, S. S. S. will remove them. Book on Sores and Ulcers and any medical advice free to all who write. THE SWIFT SPECIFIC CO., Atlanta, Ga.

BUILDING OPERATIONS IN TOWN OF CLOVIS

Hotel Will Be Enlarged; Reception Planned for School Teachers.

CLOVIS, Sept. 23.—The Whiting and Brown cottages are being pushed to completion. Both will be attractive looking buildings and will add much to the appearance of the center of town. C. P. Sellers is building a large addition to his barn. The Hotel Hamilton has been taken to its utmost capacity during the last three months and a twelve-room addition is a possibility in the near future. Plans are already made.

Invitations are issued for a reception to the Clovis public school teachers by the board of library directors. It will be held at the Hotel Hamilton Friday evening, September 24th, from 7 to 9 o'clock. The ladies of the board will be the hostesses.

Mr. and Mrs. Bates of Clovis, who have been visiting in Clovis for some months, left for Madera last Tuesday morning to visit Miss Everett.

The Woodmen of the World are planning for a social evening early in October, which will be a great event in every particular.

Miss Jessie H. Davidson of Fresno came out Saturday to take charge of the seventh grade room in the grammar school.

Miss Gertrude Sewell of Erie, Pa., arrived here for vacation on Saturday and has the receiving class in the primary school.

P. C. Moore of Fresno is out this week and in the employ of the Earl Fruit Company.

For the state senate, left for Berkeley this evening to be one of the speakers at a Republican meeting.

Word has been received of the death of Mrs. Lillian O'Hannon, who formerly resided in this city. The funeral will be held in San Jose where the death occurred.

W. S. Howe, who was hurt recently near Tulare, when he was in a wreck, may be able to be out in a week.

Miss Elsie Blake has returned from a visit to San Francisco of six weeks with her sister, Mrs. Dunn.

A. J. Davidson is back from Oakland, where he has been all for some time. He is now much improved.

A final decree of divorce has been granted to W. H. Murray from Miss Murray on the ground of desertion. The decree was granted by Judge J. C. Russell.

Miss Edna Stewart, sister of T. M. and W. C. Stewart, who has been visiting here two months, has returned to her home in San Francisco.

Chas. Phillips is in San Francisco making arrangements to move his family to this city to reside.

The Tulare county exhibit at the state fair at Sacramento arrived today in good condition.

TO THE PUBLIC

We, the undersigned, retail butchers of Fresno, are compelled to announce to our customers that, on account of the prevailing high prices and necessity for prompt payment for our meat supplies, from this date we no longer will extend credit on more than thirty days, and all thirty day accounts will be due and payable on the first of each month and delinquency on the tenth.

No one delinquent in payment will be given further credit by us.

This rule will be strictly observed and enforced.

CUTICURA CURED FAMILY OF ECZEMA

Father, Mother and Child had it for 8 Months. Heads Mass of Sores. Could Not Sleep. Itching Terrible. Cured in 2 Months.

"The Cuticura treatment has absolutely cured me and family of eczema which I, my wife and two-year-old child had for eight months. It started with small pimples on the head of my child which gradually broke out in sores, and it was not long before I and my wife got eczema. Our heads were one mass of sores, we could not sleep and the itching was terrible. We suffered for eight months. We tried different kinds of ointments and medicine but it did us no good and soon it began to break out on our bodies until a friend who had the same trouble told me about Cuticura of which I used two sets of Cuticura Soap, Cuticura Ointment and Cuticura Resolvent. First few days our heads began to heal and in two months we were absolutely cured of this terrible eczema. Eugene Potthoff, 581 Ralph Street, Brooklyn, N. Y., February 18, 1910."

No stronger evidence than this could be given of the efficacy in the treatment of the Cuticura Remedies of the treatment of the skin and scalp of infants, children and adults. A single hot bath with Cuticura Soap and a gentle anointing with Cuticura ointment are often sufficient to cure immediate relief. In the most distressing cases and permit rest and sleep when all else fails. Cuticura Soap and Ointment are equally effective in preventing, purifying and beautifying the skin, scalp, hair and hands and in preventing minor eruptions becoming chronic. A 32-page booklet giving description and treatment of skin affections will be sent free on application, by the Cuticura Drug & Chemical Corp., 120 Columbus Ave., Boston, Mass.

PORTERVILLE INTERURBAN TO ENJOIN PICKETS IN COALINGA STRIKE

Western Pipe & Steel Co. Engage Earl Rogers to Fight Strikers.

COALINGA, Sept. 23.—Attorney Earl Rogers, for the Founders and Employers' Association of Southern California, is in Coalinga today with other representatives of the association. The gentlemen are here for the purpose of collecting evidence against those who took part in the trouble that occurred in the conflict between the strikers and the employees of the Western Pipe and Steel Company last Tuesday evening. As soon as this is done to the satisfaction of Rogers he will return to Fresno to have an injunction issued against the pickets, who, it is claimed, are threatening the employees of the steel company near this city, restraining them from entering with the work of completing the contract for the erection of storage tanks for the Producers' Transportation Company. Rogers states that he will ask from the people and officers that they afford his companies the protection of the law.

3 BLOCKS IN MADERA BOUGHT FOR SCHOOL PURPOSES

One of Them to Be Used as a Site for the Children's Playground.

MADERA, Sept. 23.—The city trustees decided yesterday to purchase three blocks directly north of the courthouse for a schoolhouse site, paying \$12,200. One of the blocks will be used as a children's playground. The trustees left this morning for San Francisco where they will inspect modern school buildings. They will also go to Oakland for the same purpose.

Death of Brother of Miss Bagnelle; Gathering Data on Peach Culture.

County School Superintendent E. B. Bagnelle received a telegram last night informing him of the sudden death of his brother, George, which occurred yesterday afternoon. The body will be brought here tomorrow night and the funeral will be held Sunday.

S. W. Westfall, the Republican candidate for sheriff, returned this morning from Fresno where he had been on business.

County Assessor C. F. Bonner and wife, who have been spending a short vacation at Long Beach, returned this morning.

The Presbyterian Ladies' Aid Society discussed many plans for the coming winter's work at a meeting held at the manse. It was decided to serve a dinner on election day and a committee was appointed to arrange for it. Sick and visiting committees were also appointed and considerable other business was done.

Leo Friedberger, a prominent grocer, left today for Stockton on business.

The Madera Young Peoples' Union closed its first quarterly preliminary work tonight. New officers were chosen, representatives of the four churches. A social feature followed the business meeting.

County Horticultural Commissioner Marchbanks is preparing statistics on the growing of peaches in this county for the use of the state board in a bulletin that will soon be issued.

Mr. and Mrs. W. B. Coffman have returned from a trip to the Yosemite Valley.

James H. Latham accidentally cut two of the corners of his right hand while at dinner yesterday. He emphasized the point of a story by bringing his hand down on top of a thin drinking glass and thus inflicting the wound.

The services of Attorney Russell were secured, the papers were drawn up, and although it was well towards morning before the work was accomplished, and it was found necessary to tear Judge Conant from his enjoyment of the play, the matter, an injunction was secured, restraining the railway company from proceeding further with the work across the said rail and Eaton lands, until such time as the court further orders.

The work of building a seventeen-inch centrifugal pump for the Empire Investment Company is proceeding at this city. The Empire people are constructing about 1000 feet of concrete conduit, and by this means and the use of the new pump, will be able to control the water supply on their 19,000 acre tract of land south of Leander.

Among the near future building improvements for Hanford is a brick block to be constructed on the lots where the Rhoads residence stands on Eighth street, just west of the Braden Manufacturing Company. Mrs. Rhoads will move the frame dwelling on the lot to the site owned by her on Redington opposite Twelfth street.

The many friends of Judge M. L. Short will learn with gratification that he arrived last evening from Los Angeles, where he underwent a serious surgical operation on his leg. He is recovering nicely and should the trip from the Angel City without incident.

The old Church of Our Savior is being moved today by Contractor A. W. Bass to the new site at Eleventh and Doty streets. It will not be ready, as was expected to hold services in on Sunday next.

Today made the cheering statement that after a strenuous campaign of more than four months, during which time hundreds of gallons of disinfectants have been used, scores of corals have been killed, and dozens of horses killed, the Porterville section is free from glanders. Great credit is due to the county veterinarians for the prompt and efficient manner in which this dangerous epidemic was stamped out.

Physical Exhaustion

When you feel weak, tired out, and unrefreshed by sleep, when your appetite and digestion are poor, you will find its use invaluable.

Special Sale at 9 a. m.

\$1.98 for Silk Petticoats

Limit 1 to Purchaser

Promptly at nine this morning we will place on sale a limited number of silk petticoats for \$1.98, in the following colors—black, green, red, brown, navy and light blue. They are made of soft taffeta silk and have a plain tailored flounce 10-12 inches deep which has eight fine tucks in clusters of two. While these petticoats are not extra wide they are very good for the average size figure. They measure 40 inches at the top of flounce, underlined with soft percaline. We will limit sale one to each purchaser because we want them to reach as many of our patrons as possible.

Special Sale at 2:30 p. m.

49c for Children's Hats Worth \$1.50

We have just 87 hats to sell at this price. They are displayed in our Tulare street window. They are hats worth \$1.50, but through a special purchase we are able to offer them at 49c each. They are made of a good quality felt and have a 3-8 inch velvet band stitched on the brim at about 1 1/2 inches from the edge. Also with 1 1/4 inch band of ribbon velvet with pretty bow. They come in tan, Alice blue, red and navy blue. We will limit sale two to each purchaser.

Plaid Silk Waists \$3.95

A new lot that were just marked yesterday. They are made of soft silk in pretty color combinations—broad shoulder effects, double box plait at front, trimmed in self covered buttons. The plaids are cut on the bias and are very pretty.

\$5.00 for Fine Dress Hats

We are again talking about our \$5.00 hats. Not because we have no better ones—indeed we have splendid values up to \$50.00, but we want to interest those that are willing to pay \$7.00 to \$10.00 in our \$5.00 ones, because they have the quality, style and looks of much higher priced hats. All we ask is—come and see for yourself.

\$23.75 for New Serge Suits

New ones that just came in yesterday (and by the way, many other suits arrived yesterday). They are made of excellent quality hard twisted navy blue serge (navy blue is one of the best colors for fall), lined with satin. Good tailored skirts.

\$12.50 for Misses' Suits

When we say misses, we mean they will fit small women or young ladies. Made of hard twisted material in solid colors. Skirts are plain tailored, skirted at foot.

WONDER

The men who race in autos, fellows who guide a roaring, ripping gasoline engine at a mile a minute clip around an eccentric course, must have their minds on their business, if they expect to win.

They must eat and drink things which will give them nerve and strength, for the race is a tax on both.

Ghirardelli's COCOA

is the best of all beverages for those who engage in strenuous sport as well as those whose delicate constitution needs building up. It is so delicious that it would be the most popular even if it were not also the most nourishing of all beverages. The combination makes it irresistible.

Insist on having Ghirardelli's Cocoa and read the label to see that you get it.—Costs less than a cent a cup.

FORE DRUG DRUGGISTS

MASON IS CAMPAIGNING IN SANGER; REMAINS THERE TWO DAYS

Constables Will Not Serve
Warrants, Since Put
Upon Salary.

Bolton for County Clerk Is
to Spend Some Time on
West Side.

Al Mason, candidate for sheriff on the Republican ticket, has been campaigning for the past two days in Sanger, although when he went to the home town he originally intended to stay but one day. The Mason organization in Sanger is stronger than that of any other candidate for public office on any ticket and Mason has greatly elated over the showing that is being made there.

Mason is making a campaign on his past record as a constable at Fowler and this record is unanimously conceded to be the best of any officer in the county at the present time. His knowledge of criminals and his ability as a detective have placed him in the position he now stands. It was Al Mason who furnished the evidence upon which the notorious film boys were arrested and his thorough knowledge of the case caused District Attorney Church to take Mason, above all others, to Stockton with him during the hearing there, as the county's detective in the case.

The records of the county jail show

that Al Mason has been an able and efficient officer despite the fact that the constables are now on salary. During the first three years of Chittenden's administration, Mason made 15 arrests which are looked at the county jail, according to figures compiled by the Republican. This is equal to his record during Collins' administration. During the last three years, the two constables in Fresno arrested 61. During the last three years of Collins' administration, the constables, working on fees, arrested 549, showing a decrease of 484, the work of the present constables of \$22. On the other hand, during Collins' administration, the sheriff's office force arrested 155, while during the first three years of Chittenden's administration, the sheriff's office force made 590 arrests.

During the time the constables worked on fees, the sheriff's office was called upon to serve but few warrants, but now, the sheriff's office is compelled to serve three-fourths of the warrants in the third judicial township.

Three-fourths of the warrants issued in Judge Smith's court, which should have been served by Constables McSwain or Puleston, have been served by the sheriff's office, since the constables have been working on a salary. J. P. Bolton, Republican candidate for county clerk, will leave today for Mendota, Fresno and Coalinga, where he will begin his campaign for this office. Bolton has a strong organization throughout the county and is putting up an exceedingly strong fight for the position. Favorable reports regarding his supporters have been coming into Republican headquarters for some time and close friends believe that he will have little difficulty in securing the office.

A. M. Drew, candidate for the state Senate, is another Republican who is very optimistic about the result next November. He stands on many questions of right which have come before the legislature, has secured for him a strong party organization which is hitting the line hard for the former assemblyman. Drew's knowledge of state affairs, owing to his long service as an assemblyman, has placed him in a position to state facts as they are.

W. F. Chandler, the candidate for the Assembly from the Sixtieth District, is not talking much but is sawing wood. Chandler's versatile knowledge of all the conditions in his district enables him to make an intelligent fight for his office. He is well posted on the oil industry, as an operator and is also well posted on matters pertaining to the vineyards of this county, being himself a vineyardist.

The heavy vote polled by W. A. Sutherland at the primary election, resulting in his nomination as the Republican candidate for the Assembly from the Sixty-first District, has served him well in his present campaign for election, and no doubt is expressed but that he will be elected by a large majority over his Democratic opponent. His position as a lawyer and his legal ability will make him a perfect running mate for Chandler and there is no hesitation expressed about the election of these two men.

MARGARET HILLINGTON HERE THURSDAY NIGHT

"Until Eternity" Calls Up
on Emotional Power
of Actress.

When Margaret Hillington retired from the stage two years ago she was in the front rank of her profession and recognized as one of the truly great emotional actresses of the day. In addition to that something which comes to only a few and mark them with special distinction, Miss Hillington possesses those other important assets of youth, beauty and rare intelligence. Her splendid achievement in "The Thief" placed her to the fore as one of the important actresses of the day and from all sides round came vigorous protests, as her retirement was regarded as a great loss to the drama. The news is all the more pleasing now that Miss Hillington returns to activity again, to learn that this really fine player is to come to this city to the Barton opera house on Thursday night, September 29th, in her latest success, a play taken from the French called "Until Eternity." In this play Miss Hillington will be seen in the character of a neglected wife, forced to leave her son and her home. The play calls upon her art to run the gamut of emotions. The seat sale will start next Monday at 8 a. m.

"THE CHORUS LADY"

Following a number of long runs in the principal cities after an entire year in New York City and in London, Miss Rose Stahl will make her farewell appearance at the Barton opera house next week, Saturday and Sunday nights, October 1 and 2, in the delightful and brilliant comedy, "The Chorus Lady," by James Forbes, author of "The Contender" and "The Travelling Salesman." Miss Stahl's appearance in this play has been one of the most remarkable features of New York and London theatricals, where several seasons ago, practically unknown, with a play from the pen of that time and unknown author, she appeared on the stellar horizon and in a single night scored one of the greatest successes that have been credited to an American actress in recent years.

"The Chorus Lady" was produced at the Savoy theater, but was compelled to move going to the Garrick. There it found a short resting place owing to advance bookings, but in order to keep the play in New York, Henry H. Harris, under whose management Miss Stahl is appearing, was forced to purchase the Hackett theater, paying \$100,000 for the property. There Miss Stahl and "The Chorus Lady" settled down and forty a prosperous resting place for a period of forty-two consecutive weeks, scoring one of the greatest triumphs in the history of Broadway.

Miss Stahl is still winning praise as Patricia O'Brien, member of the chorus. The story is based on stage life, not in an idealized, artificial sense, but as it really exists back of the scenes. The play is in four acts. One of the most novelties of the play is the dressing room of the chorus girls of the Metropolitan theater, where the occupants are "making up" for the performance, a scene that is highly amusing and true to the actual life behind the scenes. Seats will be placed on sale Wednesday, September 28th, at 9 a. m.

BEALL COMES OUT TO RUN AS SUPERVISOR

Signers of Petition Are All
Residents of Laton or
Riverdale.

J. W. Beall of Laton, who is the only man in the county that so far has announced an intention to come out as an independent candidate at the November election, made good his promise yesterday by presenting his formal petition to be placed on the ticket as such independent nominee. Mr. Beall has thrown himself into the breach to be a candidate for supervisor as between Thomas Martin, the Democratic, and W. J. Oatis of Coalinga, as the Republican nominee from the Fourth district. Beall is put forward by the temperance element. Under the law he was required to file his petition representing 3 per cent of the vote last cast for supervisor in that district, which would mean a total number of 112 individual petitions. Asking that he be put on as an independent candidate in point of fact he filed 118 individual petitions, all signed by residents of Laton and Riverdale precincts.

It is not every one that under the new direct primary law can sign a petition for one desirous of coming out as an independent nominee for office. The Beall petitioners had all to comply with the following conditions, the truth of which was certified to under oath by the person circulating the petitions. These conditions read:

"And I further certify that the signers of this certificate have not been elected as a delegate to any political party convention authorized to make nominations for public office mentioned in this certificate."

"That he has not in a political convention as a delegate voted for or against the nomination of a candidate for any public office mentioned in this certificate."

"That he has not voted at any pri-

NEEDHAM SECURES FARM BULLETIN

Through the courtesy of Congressman James C. Needham, an opportunity has been given the people of this district to secure a farmers' bulletin just issued by the Department of Agriculture on the "Economic Use of Meat in the Home." Copies of these bulletins have been received at Republican headquarters, and any who wish copies may have them by writing or going to the headquarters over the Fresno Savings bank on Mariposa street.

"The Recollection of Quality Remains Long After the Price is Forgotten."

TALKS ON OSTEOPATHY

BY

A. L. HUNT D. O.

OSTEOPATHIC PHYSICIAN

A great many people ask if we can cure lumbago—weak back—we surely can, for we are especially well prepared to handle cases of this nature, as we have all the very latest appliances and instruments that are used in these diseases, and can give a patient relief in a very few minutes, and with a few more treatments we can make the relief permanent. The treatment is neither painful nor dangerous; in fact, it is soothing from the first moment. Come and see for yourself. Don't compare our methods with others, for we have methods of our own. We never charge for consultation. Come today.

SOCIETY

"Review" of good things gone by, which is now the "rationalism" of the fashionable, resulting from the theory of the survival of the fittest, even though there were hibernating intervals, recalls the Apollo Club of some years ago and the membership composed principally of the stunning young beauties of society, when the handsome tenors thrilled more than one young heart, and the dashing basses sang and made conquest of many fair listeners. The concerted work was so good—a fine chorus being the greatest of musical treats. It is pleasant to think that the late affair at Zapp's Park may be a preliminary to reorganization and that the club may be heard from in one of their old time concerts before the season is over. What though the willow lovers are now most of their sedate (?) fathers of families, their songs will have the finish that only ecstasy, happy responsibility, or sorrow can furnish.

The wedding of Mr. Othello Scribner and Miss Florence Ives will be celebrated Wednesday, October 12th, at the home of the bride's mother, Mrs. E. J. Ives, in San Francisco. Mr. Scribner has many friends in this city who will be glad to hear of his approaching marriage. The wedding is to be a very quiet affair, only the relatives and most intimate friends being asked. Miss Ives is the sister of Mr. Henry J. Crocker and is prominent in San Francisco's smart set.

Mrs. W. J. Baker and Mrs. R. G. Harrel have as their guests Mr. and Mrs. Robert Lockwood of Memphis, Tennessee. Mr. and Mrs. Lockwood have been summering on the Pacific coast and are enjoying a week-end at the beautiful Tealeigh vineyard.

Miss Margaret Clark has gone to Alameda to attend the wedding of her friend, Miss Florence Parker.

Mrs. Frank Dalton and her daughters, Misses Mable and Rene, who, at present, are making their home in Oakland, are spending a few weeks on their ranch near Lone Star.

Mrs. Frank H. Short entertains at a luncheon today in honor of three visitors in town, Mrs. Curtis of San Bernardino, Mrs. Skelley of Riverside and Mrs. Loizeaux of New York.

Misses Elise Hall and Marguerite McLane are two of the younger society girls who are leaving on Tuesday for Los Angeles, where they will attend Girls' College.

Mrs. William Forsyth and sons, Donald and Dickie, motored to Coalinga to spend the week-end with Mrs. Fred R. Turnbull.

Mrs. Alfred E. Way is expected home from Menlo Park, where she has been with her daughter Amy in a recent illness.

The weather continuing to be so warm, the several card clubs will probably not convene until some time in October. The Friday Card Club claims the names of the following popular matrons: Mrs. Emory Donahoe, Mrs. F. H. Short, Mrs. E. E. Mahan, Mrs. F. M. Hornum, Mrs. E. W. Patterson, Mrs. W. W. Cross, Mrs. A. E. Snow, Mrs. B. F. Shepherd, Mrs. W. F. Lyon, Mrs. G. C. Roeding, Mrs. Lewis H. Smith, Mrs. Willis Pike,

Mrs. George Monroe, Mrs. DeWitt Gray and Mrs. E. N. Crocker. The Birthday Club, which was the incentive for so many good times last winter, will meet again this winter on the birthday of the following members: Mrs. M. J. Lohman, Short, Manheim, Romann, Patterson, Cross, Shepherd, Lyon, Roeding, Monroe, Gray and Crocker. The customary entertainment of this club has been a luncheon, followed by a bridge party. The Wednesday Card Club is formed of the younger matrons and made, and although no definite arrangements have been made for the meetings this year the same congenial group of society folk will probably meet again. The members last year were: Miss Jennie Weston, Mrs. Ethel Shaver, Mrs. Harry Crocker, Mrs. W. W. Crocker, Mrs. William Cleary, Miss Lillian Dunn, Miss Ima Dickenson, Mrs. Frighton Hamilton, Mrs. Arthur Perkins, Miss Helen Jacobson, Miss Eugene Miller and substitutes.

At an early hour the choral rooms of the Young Women's Christian Association were aglow with bright lights and the greater brightness of young faces. The Juniors were in full assemblage and fully prepared for the excellent program that followed. Where all was so good it is impossible to particularize, but it is certain these little people have only to announce an entertainment to summon an audience. The mothers, in whose honor it was given, must have been proud indeed to receive such attention. The following little hostesses contributed to the program: Genevieve Berry, Nellie Hamlin, Corine Keefe, Laura Weiberg, Emily Schell, Zola Joy, Edna Greeley, Ethel Fallon, Margaret Stape.

The year book of the Parlor Lecture Club reads as follows:

STANDING COMMITTEES.
Program—Miss L. H. Hatch, Mrs. M. E. Sherman, Mrs. J. Ed Hughes.
Emergency—Mrs. W. W. Eilen.
Printing—Mrs. A. L. Duhnger, Miss Boletta West.

Hospitality—Mrs. S. L. Platt, Mrs. H. D. Carver, Mrs. A. M. Loper, Mrs. G. A. Smith, Mrs. D. McCarthy, Mrs. W. T. Knowles, Mrs. H. W. Neely, Mrs. C. W. Music, Mrs. M. D. Hoffman.

Finance—Mrs. O. L. Everts.
Property Custodian—Mrs. W. W. Eden.
Reception—Mrs. A. Albrecht, Mrs. H. V. Rudy, Mrs. F. J. Nolan, Mrs. William Glass, Mrs. S. H. Hostick, Mrs. S. H. Redden, Mrs. A. D. Chance, Mrs. Wiley Tinnin.

Parliamentarian—Mrs. A. Albrecht.
California History and Land Marks—Mrs. F. M. Lane.
Conservation of Forestry and Waterways—Mrs. John Fairweather.

DEPARTMENTS.
If your face wants to smile, why let it, and if it don't, just make it.—Abe Martin.

Literature—Mrs. J. Ed Hughes, chairman; Mrs. W. P. Miller, leader. Meetings, Monday afternoons. Study only the best, for life is too short to study everything.—J. Emanuel Beck.

Music—Miss Maud Hohman, chairman.

Music is the literature of the heart; it begins where speech ends.

Art—Mrs. George E. Church, chairman. Art gives to nature culture, refinement and the enjoyment of the beautiful. Meetings Monday afternoons.

Philanthropy—Miss Julia Sayre, chairman. Do what you can; give what you have. Only stop not with feelings; carry your charity into deeds.

Home—Mrs. O. L. Warlow, chairman. Home is the crystal of society, and domestic love and duty are the best security for all that is most dear to us on earth. Meetings fourth Thursdays. Civic Improvement—Chairman, not appointed. The times, as Carlyle says, are bad. Very well, you are there to make them better.—John Burroughs.

OFFICERS OF THE PARLOR LECTURE CLUB.
Mrs. T. W. Patterson, president; Mrs. A. B. Clark, treasurer; Mrs. J. N. Hostick, secretary; Mrs. G. L. Warlow, recording secretary; Mrs. O. L. Everts, trustees; Mrs. J. S. Jones, Mrs. W. N. Sherman.

HOME DEPARTMENT OF THE PARLOR LECTURE CLUB.
Mrs. G. L. Warlow, chairman; Mrs. R. A. Harvey, treasurer.

Section Chairmen—(1) Mrs. T. J. Hammond, October; (2) Mrs. H. H. Alexander, November; (3) Mrs. A. M. Loper, January; (4) Mrs. T. M. Anton, February; (5) Mrs. A. Albrecht, March.

Home Department Day, hygienic luncheon, April 29th, 1 o'clock.

PROGRAM.
October 13th—Lecture, "The Evolution of Fate," Dr. Benjamin P. Kurtz.

October 20th—Stereo-epion lecture, "Sights and Scenes of India," Ford E. Samuel.

November 3rd—Business. Talk on "Philanthropy," Mrs. J. E. Richards.

November 10th—Lecture, "Woman in Human History and Literature," Mrs. F. A. Dean.

November 17th—President's Day "Hawaii."

December 1st—Business. "Fresno Landmark Day," Mrs. F. M. Lane, leader.

December 8th—Literature.
December 15th—Annual.

January 5th—Business. "Club Rejuvenity."

January 12th—Lecture.
"The patrons, writers and singers. Great hours of the 'Golden State,'" Mrs. Helen Elliot Randall.

January 19th—Music.
February 2nd—Business. Mrs. Russell J. Waters, state president.

February 9th—Lecture. "Some Weeks in the Orient," Rev. Charles Brown, Oakland.

February 16th—"Mothers and Daughters' Day," Hallowatha.

March 2nd—Business. Current Events and Federation Topics.

March 9th—Lecture. Mrs. James B. Howe.

March 16th—Art Day.
April 5th—Business. Nomination of officers.

April 13th—Recital.
April 20th—Home. Hygienic luncheon.

May 4th—Business. Election of officers.
May 11th—Installation.

BALTIMORE LOSES RANK AS 6TH CITY

WASHINGTON, Sept. 23.—Baltimore, which was the sixth city in the United States in point of population in 1900, has lost her position in the country's great cities, according to today's census statistics and now becomes seventh city, having in the last ten years been outstripped by Cleveland, which takes sixth place.

Baltimore's population is now 558,485 as compared with Cleveland's 560,563. The Maryland city grew 9.7 per cent, or 49,528 during the last ten years, having had 508,957 in 1900.

Cleveland, which had a population of 511,768 in 1900, grew 49.9 per cent in the decade just ended.

Had Baltimore maintained its growth of the decade ending in 1900, 17.3 per cent, she would have maintained her sixth position, which had been hers for the last thirty years.

MEMBERS OF CHRISTIAN CHURCH DISCUSSING BIG CHANGE

Local Members Said to Be in Favor of Electing Delegates.

Will Be Discussed at Convention in Topeka in October.

Considerable interest is being shown by members of the First Christian church of this city in a measure to come up before the national convention of that denomination to be held at Topeka, Kansas, October 11th to 17th, through which it is proposed to have the national conventions composed of regularly elected delegates. At present the conventions are very democratic in character. Any church member attending the convention is considered a delegate and has the right to vote in its deliberations.

Conservative members of the church throughout the country are opposed to the proposed change on the ground that it will allow a centralized body to make laws for the church at large which may be distasteful to many of the members, while the informal arrangement now in vogue allows any one to express his views in a vote. Those who want the change made, however, are of the opinion that the majority of the members are in favor of the elective system of conventions.

The plan that seems to have found the most favor with these advocates of the election of delegates is for each congregation to have two delegates at large and additional delegates based on the membership of that church. For each hundred members the individual church would have an additional representative, up to five hundred members. The Christian church, or Disciples of Christ, organized on a congregational form of church government.

The Fresno church has a membership of ten or eleven besides a branch congregation of about one hundred and twenty-five in the North Side Christian church. One in authority here remarked yesterday that he believed the majority of the members here are in favor of the proposed change in the national body membership.

No members of the local Christian congregation have formally declared their intention of attending the conference, but it is believed by Rev. Ray O. Miller, pastor of the church, that there will probably be some in attendance. Last year, when the convention was held at Pittsburgh there were half a dozen members from Fresno present at the meetings.

TAKES ALLEGED FORGER.
OAKLAND, Sept. 23.—After a sharp struggle in the fashionable St. Mark hotel here, H. Hartsook, a well-known photographer, overpowered Robert H. Kenney, another photographer, who is accused of forging Hartsook's name to a bad check, and dragged him to jail. Kenney was bound over on \$2,000 bail this morning.

STREET DEPARTMENT WORK IN PROSPECT

Leveling of the Playgrounds Begins Next Week With Central Park Site.

Next Monday very likely Street Superintendent Thorn will begin the general work of putting up and leveling the city play grounds, commencing with Central Park, between Blackstone and Calaveras, where also four tennis courts will be laid. The beginning of this work is contingent upon the present occupants of the land as a hay market having cleared off the debris. The other park sites will also in turn be surfaced and leveled.

After the grading down of the four-foot bank for 600 feet in the widening of U street, the street department will lay a 300-foot drain from West and Nielsen avenues under the Southern Pacific railroad track and across to the U street guttering ditch. It is the intention to have this work done before the winter rains set in to prevent the annual flooding of the two avenues by storm water.

Another piece of future work is in the opening of Poplar avenue to Nielsen from Voorman by cutting through a short intervening block. This opening is a long-delayed one, a legacy from the previous city administration.

SEEK FOR HARMONY IN CEMETERY WORK

Meeting Is Called for Next Tuesday With That End in View.

A meeting of the Mountain View Cemetery Improvement Association has been called for next Tuesday evening and the supervisors among many others interested have been asked to have representation at the meeting in behalf of the Fresno county plot.

The circular calling for the meeting says: "Much discussion has been had in regard to cemetery improvement. All seem to be of one mind—that Mountain View Cemetery should be cared for in such a way as to be a credit to Fresno. The association was organized for the purpose of further beautifying the cemetery. In order that the best results may be accomplished it will be necessary that all interested shall work together in harmony."

For the purpose of ascertaining whether such harmonious action is possible, it is stated that the forthcoming meeting has been called to accomplish the much desired result of permanent cemetery improvement.

TORPEDOERS BUSY.
SAN DIEGO, Cal., Sept. 23.—Under orders to sail for San Pedro and Escondido Bay, Santa Rosa Island, late next week, the officers and crews of the Pacific torpedo flotilla are busily engaged in getting the little ships ready for sea. The men will be paid off two days before the fleet sails instead of on the fifth of the month, as has been the custom in the past. Stand-ardization speed practice and target practice calls the fleet north and it is said the cruise will end at San Francisco.

HOLLANDS'

Bread Cakes Pastry

Once Tried, Always Demanded

The high quality of our Bread is obtained by the selection and blending of flours of the highest gluten values. Note the excellent wheat flavor—no sour ferments here—most easily digested.

Ideal, Poppy Seed, Graham, Whole Wheat, Rye, French, Cracked Wheat, Steam, Mother's, Raisin, Bran, Pumpernickel, Parker House Rolls, French Rolls, Pan Rolls, Buns, Snails, Jenny Linds, Race Tracks, Coffee Cakes, Cinnamon Rolls, Wreath Cakes, Raisin Buns.

Cakes
We will make a great variety of cakes, in both Loaf and Layer, to-day, 10c, 20c, 25c, 30c, 40c and 50c sizes. Since the advent of Holland Cakes, numerous housewives have stopped cake baking. They realize there is greater satisfaction in the rich and delicious Holland Cakes, and there is never a disappointment. A phone message will bring a Holland Cake right from the ovens, sometimes almost warm.

Vegetables
CELERY ROOT, ARTICHOKE, GREEN BEANS, GREEN PEAS, LIMA BEANS, CAULIFLOWER, CUCUMBERS, GREEN CORN, LETTUCE, PEPPERS, TOMATOES, OKRA, CABBAGE, CELERY AND ALL LOCAL BUNCH VEGETABLES.
Apples, Cantaloupes, Bananas, Peas, Damsons, Grapes, Quinces, Pomegranates.

WANT ROOMS IN FRESNO HOTELS EQUIPPED WITH ROPES

**Drummers Assert That Fire
Escapes Are Inadequate
in Many Fires.**

**Commercial Men's Associa-
tion Starts Agitation for
Protection.**

Urging that many fires in hotels get too much headway before the guests find out their predicament and can reach the fire escapes, members of the Illinois Commercial Men's Association, an organization to which many of the "drummers" passing through Fresno belong, are starting a campaign with the purpose of forcing all hotels to adopt the safety appliances, while in the second place in the flurry of a big fire, when every one is in danger of losing his life, few people remain collected enough to avail themselves of such devices when they are installed. The equipment of the traveling men want is simply a rope long enough to enable the inmate to reach the ground, fastened near a window in every room, so that the inmate simply may throw out the rope and slide down to safety. It is not intended that the ropes shall supplant the fire escapes and other provisions made in case of fire.

While the agitation is primarily a humanitarian one, the association is practically interested in it through the fact that it is an insurance order. Many accidents have occurred to hotels from second or third stories in fires in which they cannot reach the escapes, present accident claims when the simple devices described would allow them to reach the ground without injury.

GIVE EXAMPLE. The efficiency of the rope auxiliary escapes is illustrated, say the traveling men, in a fire which occurred recently in the *Normandie* hotel at Seattle, Wash., Canada. This hotel was considered safe by the commercial travelers, and for this reason it was largely patronized by them. One night fire broke out, and gained such headway that many of the guests not only were cut off from the stairways, which were roaring furnaces, but could not reach the escapes. Fortunately each room was equipped with a long rope, one of which was fastened firmly to the floor just inside the window. By throwing these out of the windows, all of the guests escaped safely. On Mrs. Alex. McEllen slid down to the ground safely from an upper story in night attire. Her husband then threw down for her their four-year-old son and she saved herself, after all other avenues of escape had been destroyed. James O'Reilly, Sr., a judge of that city, and Mrs. O'Reilly got down from a third story room safely by the rope there when otherwise they would have been forced either to jump or to be burned to death. One commercial traveler used the rope when he discovered the flames which had already attacked the door of his room.

With this practical demonstration of the efficiency of this auxiliary means of escape, and further aroused by the fact that one commercial traveler shortly afterward in the Juleen hotel at Dubuque, considered a jump from an upper room in a night fire so that he suffered serious injuries, the protective association of the country equipped with the life-saving ropes. The matter later may be presented to the city authorities here for incorporation in the fire ordinances.

SOCIETY

"Revival" of good things gone by which is now the "reminiscence" of the fashionable, recalling them from semi-oblivion and proving the theory of the survival of the fittest, even though there were intervening intervals, recalls the Apollo Club of some years ago and the membership composed principally of the stunning young beauties of society, when one young beauty shone more than any other, and the dashing basses sang and made conquest of many fair listeners. The concerted work was so good—a fine chorus being the greatest of musical treats. It is pleasant to think that the late affair at Zapp's Park may be a preliminary to reorganization and that the club may be heard from in one of their old time concerts before the season is over. What though the waltz lovers are now most of their number (?) fathers of families, their songs will have the finish that only ecstasy, happy responsibility, or sorrow can furnish.

The wedding of Mr. Othello Scribner and Miss Florence Ives will be celebrated Wednesday, October 13th, at the home of the bride's mother, Mrs. E. J. Ives, in San Francisco. Mr. Scribner was a former Fresno resident and his many friends in this city will be glad to hear of his approaching marriage. The wedding is to be a very quiet affair, only the relatives and most intimate friends being asked. Miss Ives is the sister of Mrs. Henry J. Crocker and is prominent in San Francisco's smart set.

Mrs. W. J. Baker and Mrs. R. G. Harrel have as their guests Mr. and Mrs. Robert Lockwood of Memphis, Tennessee. Mr. and Mrs. Lockwood have been summering on the Pacific coast and are enjoying a week-end at the beautiful Talquah vineyard.

Miss Margaret Clark has gone to Alameda to attend the wedding of her friend, Miss Florence Parker.

Mrs. Frank Dalton and her daughters, Misses Mable and Rene, who, at present, are making their home in Oakland, are spending a few weeks on their ranch near Lone Star.

Mrs. Frank H. Short entertains at a luncheon today in honor of three visitors in town, Mrs. Curdes of San Bernardino, Mrs. Skelley of Riverside and Mrs. Loizeaux of New York.

Misses Elise Hall and Marguerite McLane are two of the younger society girls who are leaving on Tuesday for Los Angeles, where they will attend Girl's College.

Mrs. William Forsyth and sons, Donald and Dickie, motored to Coalinga to spend the week-end with Mrs. Fred S. Turnbull.

Mrs. Alfred E. Way is expected home from Menlo Park, where she has been with her daughter Amy in a recent illness.

The weather continuing to be so warm, the several card clubs will probably not convene until some time in October. The Friday Card Club claims the names of the following popular matrons: Mrs. Emory Donahoe, Mrs. F. H. Short, Mrs. E. E. Manheim, Mrs. F. M. Roman, Mrs. T. W. Patterson, Mrs. M. W. Cross, Mrs. A. E. Snow, Mrs. B. F. Shepherd, Mrs. W. F. Lyon, Mrs. G. C. Reeding, Mrs. Lewis H. Smith, Mrs. Willis Pike.

Mrs. George Monroe, Mrs. DeWitt Gray and Mrs. N. Griffith. The Birthday Club, which was the incentive for so many good times last winter, will meet again this winter on the birthday of the following members: Mesdames Donahoe, Short, Manheim, Roman, Patterson, Cross, Shepherd, Lyon, Reeding, Monroe, Gray and Craycroft. The customary entertainment of this club has been a luncheon, followed by a bridge party.

The Wednesday Card Club is formed of the younger matrons and housewives, and has definite arrangements for the year's work. The members last year were: Miss Jennie Wilson, Miss Ethel Shaw, Mrs. Harry Craycroft, Mrs. W. W. Craycroft, Mrs. William Cleary, Miss Lillian Dunn, Miss Lino Dickenson, Mrs. Crighton Hamilton, Mrs. Arthur Perkins, Miss Helen Jacobson, Miss Eugene Miller and substitutes.

At an early hour the cherry rooms of the Young Women's Christian Association were aglow with bright lights and the greater brightness of young faces. The Juniors were in full assemblage and fully prepared for the excellent program that followed. Where all was so good it is impossible to particularize, but it is certain these little people have only to announce an entertainment to summon an audience. The mothers, in whose honor it was given, must have been proud indeed to receive such attention. The following little hostesses contributed to the program: Genevieve Berry, Nellie Hamlin, Caroline Keefe, Laura Wahlberg, Emily Schell, Zola Jones, Edna Greeley, Ethel Callon, Margaret Stape.

The year book of the Parlor Lecture Club reads as follows:

STANDING COMMITTEES.
Program—Miss L. H. Hatch, Mrs. M. E. Sherman, Mrs. J. E. Hughes.
Emergency—Mrs. W. W. Eden.
Printing—Mrs. A. L. Dahlgren, Miss Rolotta Wom.

Hospitality—Mrs. S. L. Platt, Mrs. H. D. Carver, Mrs. A. M. Loper, Mrs. G. A. Smith, Mrs. D. McCarthy, Mrs. W. T. Knowles, Mrs. H. W. Neely, Mrs. C. W. Musie, Mrs. M. D. Huffman.

Finance—Mrs. O. L. Everts.
Property Custodian—Mrs. W. W. Eden.
Reception—Mrs. A. Albrecht, Mrs. H. V. Rudy, Mrs. F. J. Nolan, Mrs. William Glass, Mrs. J. N. Bostick, Mrs. S. H. Redden, Mrs. A. D. Chance, Mrs. Wiley Tinnin.

Parliamentarian—Mrs. A. Albrecht.
California History and Land Marks—Mrs. F. M. Lane.

Conservation of Forestry and Waterways—Mrs. John Fairweather.

DEPARTMENTS.
If your face wants to smile, why let it, and if it don't, just make it.—Abe Martin.

Literature—Mrs. J. E. Hughes, chairman; Mrs. W. P. Miller, leader. Meetings Monday afternoons. Study only the best, for life is too short to study everything.—J. Emanuel Beck.

Music—Miss Maud Hohman, chairman. Music is the literature of the heart: It begins where speech ends. Art—Mrs. George E. Church, chairman. Art gives to nature culture, refinement and the enjoyment of the beautiful. Meetings Monday afternoons.

Philanthropy—Miss Julia Sayre, chairman. Do what you can; give what you have. Only stop not with feelings: carry your charity into deeds.

Home—Mrs. G. L. Warlow, chairman. Home is the crystal of society, and domestic love and duty are the best security for all that is most dear to us on earth. Meetings fourth Thursdays. Civic Improvement—(Chairman not appointed). The times, we Carlyle says, are bad. Very well, you are there to make them better.—John Burroughs.

OFFICERS OF THE PARLOR LECTURE CLUB HOUSE ASSOCIATION.
Mrs. T. W. Patterson, president; Mrs. A. B. Clark, treasurer; Mrs. J. N. Hostick, secretary; Mrs. G. L. Warlow, recording secretary; Mrs. O. L. Everts, trustees; Mrs. J. S. Jones, Mrs. W. N. Sherman.

HOME DEPARTMENT OF THE PARLOR LECTURE CLUB.
Mrs. G. L. Warlow, chairman; Mrs. B. A. Harvey, treasurer.

Section Chairmen—(1) Mrs. T. J. Hammond, October; (2) Mrs. H. H. Alexander, November; (3) Mrs. A. M. Loper, January; (4) Mrs. T. M. Arton, February; (5) Mrs. A. Albrecht, March.

Home Department Day, hygienic luncheon, April 20th, 1 o'clock.

PROGRAM.
October 6th—Business. Chairman's outline of department work.
October 13th—Lecture, "The Evolution of Fate," Dr. Benjamin P. Kurtz.
October 20th—Stereo-epion lecture, "Sights and Scenes of India," Ford E. Samuel.

November 3rd—Business. Talk on "Philanthropy," Mrs. J. E. Richards.
November 10th—Lecture, "Woman in Roman History and Literature," Mrs. F. A. Dean.

November 17th—President's Day. "Hawaii," Mrs. H. E. Hughes.
December 1st—Business. "Fresno Landmark Day," Mrs. F. M. Lane, leader.

December 8th—Literature.
December 15th—Annual.
January 5th—Business. "Club Receptivity."

January 12th—Lecture. "The patriots, writers and singers. Great hearts of the Golden State," Mrs. Helen Elliot Randall.

January 19th—Music.
February 2nd—Business. Mrs. Russell J. Waters, state president.
February 9th—Lecture, "Some Weeks in the Orient," Rev. Charles Brown, Oakland.

February 16th—Lecture, "Mothers and Daughters' Day," Hlawatha.

March 2nd—Business. Current Events and Federation Topics.
March 9th—Lecture. Mrs. James R. Hume.

March 16th—Art Day.
April 5th—Business. Nomination of officers.
April 13th—Recital.
April 20th—Home. Hygienic luncheon.

May 4th—Business. Election of officers.
May 11th—Installation.

BALTIMORE LOSES RANK AS 6TH CITY

WASHINGTON, Sept. 23.—Baltimore, which was the sixth city in the United States in point of population in 1900, has lost her position in the country's great cities, according to today's census statistics and now becomes seventh city, having in the last ten years been outstripped by Cleveland, which takes sixth place.

Baltimore's population is now 558,485 as compared with Cleveland's 560,663. The Maryland city grew 9.7 per cent, or 48,528 during the last ten years, having had 509,957 in 1900. Cleveland, which had a population of 381,765 in 1900, grew 49.9 per cent in the decade just ended.

Had Baltimore maintained its growth of the decade ending in 1900, 17.3 per cent, she would have maintained her sixth position, which had been hers for the last thirty years.

MEMBERS OF CHRISTIAN CHURCH DISCUSSING BIG CHANGE

Local Members Said to Be in Favor of Electing Delegates.

Will Be Discussed at Convention in Topeka in October.

Considerable interest is being shown by the members of the First Christian Church of this city in a measure to come up before the national convention of that denomination to be held at Topeka, Kansas, October 11th to 17th, through which it is proposed to have the national conventions composed of delegates elected by the churches. At present the conventions are very democratic in character. Any church member attending the convention is considered a delegate and has the right to vote in its deliberations.

Conservative members of the church throughout the country are opposed to the proposed change on the ground that it will allow a vote to a body to make it difficult for the church at large which may be distasteful to many of the members, while the informal arrangement now in vogue allows any one to express his bias in a vote. Those who want the change made, however, are of the opinion that the majority of the members are in favor of the elective system of conventions.

The plan that seems to have found the most favor with those advocating the election of delegates is for each congregation to have two delegates at large and additional delegates based on the membership of that church. For each hundred members the individual church would have an additional representative, up to five hundred members. The Christian church, or Disciples of Christ, is organized on a congregational form of church government.

The Fresno church has a membership of ten or eleven hundred besides a branch congregation of about one hundred and twenty-five in the North Side Christian church. One in authority here remarked yesterday that he believed the majority of the members here are in favor of the proposed change in the national body membership.

No members of the local Christian congregation have formally declared their intention of attending the conference, but it is believed by Rev. Ray O. Miller, pastor of the church, that there will probably be some in attendance. Last year, when the convention was held at Pittsburgh there were half a dozen members from Fresno present at the meetings.

TAKES ALLEGED FORGER.
OAKLAND, Sept. 23.—After a sharp struggle in the fashionable St. Mark hotel here, H. Hartscock, a well-known photographer, overpowered Robert H. Kenney, another photographer, who is accused of forging Hartscock's name to a bad check, and dragged him to jail. Kenney was bound over to \$2,000 bail this morning.

STREET DEPARTMENT WORK IN PROSPECT

Leveling of the Playgrounds Begins Next Week With Central Park Site.

Next Monday very likely Street Superintendent Thorn will begin the general work of grading up and leveling the city playgrounds, commencing with Central Park, between Blackstone and Calaveras, where also four tennis courts will be laid. The beginning of this work is contingent upon the present occupants of the land as a hay market having cleared off the debris. The other park sites will also in turn be surfaced and leveled.

After the grading down of the four-foot bank for 800 feet in the widening of 17 street, the street department will lay a 300-foot drain from West and Nielsen avenues under the Southern Pacific railroad track and across to the G street open drain ditch. It is the intention to have this work done before the winter rains set in to prevent the annual flooding of the two avenues by storm water.

Another piece of future work is in the opening of Poplar avenue to Nielsen from Voorman by cutting through a short intervening block. This opening is a long-delayed one, a legacy from the previous city administration.

SEEK FOR HARMONY IN CEMETERY WORK

Meeting Is Called for Next Tuesday With That End in View.

A meeting of the Mountain View Cemetery Improvement Association has been called for next Tuesday evening and the supervisors among many others interested have been asked to have representation at the meeting in behalf of the Fresno county plan.

The circular calling for the meeting says: "Much discussion has been had in regard to cemetery improvement. All seem to be of one mind that Mountain View Cemetery should be cared for in such a way as to be a credit to Fresno. The association was organized for the purpose of further beautifying the cemetery. In order that the best results may be accomplished it will be necessary that all interested shall work together in harmony."

For the purpose of ascertaining whether such harmonious action is possible, it is stated that the forthcoming meeting has been called to accomplish the much desired result of permanent cemetery improvement.

TORPEDOERS BUSY.
SAN DIEGO, Cal., Sept. 23.—Under orders to sail for San Pedro and Beechers Bay, Santa Rosa Island, late next week, the officers and crews of the Pacific torpedo flotilla are busy engaged in getting the little ships ready for sea. The men will be paid off two days before the fleet sails instead of on the fifth of the month, as has been the custom in the past. Standardization, speed practice and target practice will be the fleet north and it is said the cruise will end at San Francisco.

HOLLANDS'

Bread Cakes Pastry

Once Tried, Always Demanded

The high quality of our Bread is obtained by the selection and blending of flours of the highest gluten values. Note the excellent wheat flavor—no sour ferments here—most easily digested.

Ideal, Poppy Seed, Graham, Whole Wheat, Rye, French, Cracked Wheat, Steam, Mother's, Raisin, Bran, Pumpnickel, Parker House Rolls, French Rolls, Pan Rolls, Buns, Snails, Jenny Linds, Race Tracks, Coffee Cakes, Cinnamon Rolls, Wreath Cakes, Raisin Buns.

Cakes Vegetables

We will make a great variety of cakes, in both Loaf and Layer, today, 10c, 20c, 25c, 30c, 40c and 65c sizes. Since the advent of Holland Cakes, numerous housewives have stopped cake baking. They realize there is greater satisfaction in the rich and delicious Holland Cakes, and there is never a disappointment. A phone message will bring a Holland Cake right from the ovens, sometimes almost warm.

CELERY ROOT, ARTICHOKE, GREEN BEANS, GREEN PEAS, LIMA BEANS, CAULIFLOWER, CUCUMBERS, GREEN CORN, LETTUCE, PEPPERS, TOMATOES, OKRA, CABBAGE, CELERY AND ALL LOCAL BUNCH VEGETABLES.

WANT ROOMS IN FRESNO HOTELS EQUIPPED WITH ROPES

**Drummers Assert That Fire
Escapes Are Inadequate
in Many Fires.**

**Commercial Men's Associa-
tion Starts Agitation for
Protection.**

Urging that many fires in hotels get too much headway before the guests find out their predicament and can reach the fire escapes, members of the Illinois Commercial Men's Association, an organization to which many of the "drummers" passing through Fresno belong, are starting a campaign with the purpose of having all rooms in Fresno hotels equipped with ropes. Both by personal action, and by posting notices in some of the downtown offices, the commercial men are endeavoring to create a sentiment in favor of requiring all hotels, particularly, of course, the ones they use, to have the ropes.

The commercial men state that many of the patent devices intended to be used in fires arouse no interest in them. In the first place, remarked one drummer, they usually are so expensive that they require the hotel men to adopt the safety appliances, while in the second place, in the hurry of a big fire, when every one is in danger of losing his life, few people remain collected enough to avail themselves of such devices when they are installed. The equipment the traveling men want is simply a rope long enough to enable the inmate to reach the ground, fastened near a window in every room, so that the inmate simply may throw out the rope and slide down to safety. It is not intended that the ropes shall supplant the fire escapes and other provisions made in case of fire.

While the agitation is primarily a

humanitarian one, the association is practically interested in it through the fact that it is an insurance underwriter. Fires which result in loss from second or third stories in fires in which they cannot reach the escapees present accident claims when the simple devices described would allow them to reach the ground without injury.

CITE EXAMPLES

The efficiency of the rope auxiliary escapes is illustrated, say the traveling men, in a fire which occurred recently in the prominent hotel at St. Catharines, Canada. This hotel was considered safe by the commercial travelers, and for this reason was largely patronized by them. One night fire broke out, and gained such headway that many of the guests not only were cut off from the stairways, which were roaring furnaces, but could not reach the escapes. Fortunately each room was equipped with a rope, one end of which was fastened firmly to the floor just inside the window. By throwing these out of the windows, all of the guests escaped safely. One Mrs. Alex. McCallan slid down to the ground safely from an upper story in night attire. Her husband then threw down for her their four-year-old son and slid down safely himself, after all other avenues of escape had been destroyed. James O'Reilly, Sr., a judge of that city, and Mrs. O'Reilly got down from a third story room safely by the rope there when otherwise they would have been forced either to jump or to be burned to death. One commercial traveler used the rope when he discovered the flames which had already attacked the door of his room.

With this practical demonstration of the efficiency of this auxiliary means of escape, and further aroused by the fact that one commercial traveler shortly afterward in the Julien hotel at Dubuque, considered a fire-proof structure, was forced to jump from an upper room in a night fire so that he suffered serious injuries, the protective association of the traveling men inaugurated a campaign to get all hotels throughout the country equipped with the life-saving ropes. The matter later may be presented to the city authorities here for incorporation in the fire ordinances.

SHORT TAKES FIRST STEP TOWARD PLAN OF STATE CONSERVATION

**Asks Meeting of Forestry
Commission to Discuss
Situation.**

**Chief Problem Is to Devise
Method of Protection
From Fires.**

Attorney Frank H. Short has written to Arthur R. Briggs, president of the State Forestry Commission, suggesting that the commission be called together to take the first step toward a plan of state conservation. It appears that no funds were provided for the commission and it has never met. Mr. Short's idea is to formulate suggestions to the next legislature, looking to a plan of state conservation, especially for protection against forest fires.

The body of the letter is as follows: "Sometime since you were appointed by Governor Gillett chairman of a State Forestry Commission, which was then created, and myself and a number of others were appointed on such board of commissioners."

On account of an entire absence of any appropriations with which to pay expenses or carry on any desirable investigations, the commission was never organized and nothing has ever been done.

Notwithstanding the absence of any funds, I think it would be desirable for the commission at its own expense to get together at an early date and as a matter of public interest present certain matters in the next session of the legislature.

There has been, and for some time doubtless will continue to be, considerable difficulty in putting into effect an intelligent policy of state conservation on account of the absence of any method of defining at the present time the respective duties of the officers of the state in carrying out conservation problems and methods and the duties of the forestry department, the latter having largely assumed the task in this and other public lands states.

There are many matters that ought to be considered at this meeting. The one matter, however, of vital and important interest, and that ought to be the very careful attention of the people of the state and the legislature at its next session is the great present and rapidly increasing danger of forest fires.

Under the conditions that previously existed in this state the timbered and forested lands of the state were almost universally and heavily pastured by sheep, horses and cattle. In some districts there is no doubt but that this pasturing was excessive, and in certain directions harmful. Nevertheless, it largely tended to prevent the accumulation of inflammable material. Such pasturing has now been much restricted. It is also true that up to a comparatively recent period the conditions were such that generally speaking the forested lands were burned over every year or two and the trees were either so large or so situated and the accumulated growth of vegetation was so small that but little injury was done.

It is understood that the universal custom of the California Indians during the earlier history of the state was to burn over these lands almost every year for their own use and convenience. Notwithstanding the entire absence of any intelligent or scientific forestry methods during these periods, nature itself, and under the conditions stated, produced large areas of the most magnificent forests in the world.

For many years now the effort has been to keep out and prevent all forest fires, and this, coupled with the reduced pasturing of the forest and adjacent lands, has caused an enormous accumulation of refuse and inflammable material. In addition to this, throughout a greater part of the forested district of the state the young growth of forest trees and underbrush has been so thick and heavy that the trees varying from five to twenty-five years old stand as thick as weeds in a garden field, so that the conditions are obviously such that if fires are once started there are many districts in the state where they would have formerly done but little harm where they would now spread and continue to such an extent that the loss would be appalling and beyond any reasonable estimate.

We have gone on conserving our forests in such a way that we have been accumulating fuel and the elements of destruction, piling up wrath against the day when the conditions are such as to demand the immediate and careful attention of the people of the state.

All interests should co-operate and I have no doubt the forestry department, in so far as a conservation of the forest can be reached, will actively co-operate in assisting to remove and keep down the conditions rendering fires dangerous.

All practical men realize that it is altogether impossible to prevent the starting of forest fires. They frequently start from lightning, if not from other causes, and while the fire still distills in the state where they can be controlled, limited and extinguished, there are other districts where if once started under adverse conditions they will continue to burn, destroying everything in their path until the area they cover is consumed.

While there may be differences of opinion as to proper methods, all experienced and practical men agree that the present conditions are appalling and are growing worse and that in view of the definite evidence of the fact that the conditions are such as can be done the excess growths and accumulated inflammable material and reduce the conditions that makes fires dangerous.

I fully realize that the conditions referred to are so widespread and extensive and that the available means with which to meet the situation will necessarily be so limited that the most that could be done would be by the process of clearing and burning to create tracts of considerable width extending through proper districts so that if fires are once started they can be controlled and limited.

It is true that the intelligent back-firing and other methods of removing inflammable material, the greater part of the existing danger as to forest fires will have to be removed or the tendency of forest conservation will be to destroy the forest and valuable timber that will ever be saved, protected or reforested.

In view of the appalling results from the forest fires during the past few weeks in the Northwest, it would be wholly unwise for us longer to shut our eyes to this situation, and I, therefore, trust you can see your way to an early calling together of the commission to the end that while it is to be regretted that we cannot do more we can at least consider and recommend to the public and to the legislature such action as we think the situation imperatively requires.

SLEEPS TOO NEAR TO TRACK; MEETS DEATH

**Cooper Fireman Killed While Taking a
Nap Near Athlone; Lived in
Oakland.**

Making a couch so close to the track that a passing train struck him on the head with fatal results, F. W. Sibole, fireman on freight train No. 247, was killed Thursday afternoon near Athlone, a small station in Merced county, a short distance east of Merced. The body was taken to Merced, and later will be shipped to Oakland, where the man's family lives, for burial.

Sibole's train was ordered to a siding to make way for the north bound passenger train. The fireman decided to utilize the spare time for a nap, according to the story brought to Fresno yesterday by the train crew on their return trip to Fresno, and taking a couple of cushions lay down between the side track and main line, his head close to the ties of the main line. Conductor Stearns had the body taken to the passenger train and removed to Merced, where Coroner Nordgren was given charge of the remains.

REGENTS MAKE GIFT TO SCHOOL DISTRICT

**Madison Will Lease Three
Acres From Kearney
Park as Garden.**

Madison school district, which is located close to town and near the Kearney estate, is about to receive a gift of land from the university regents for school purposes. Superintendent Lindsey was yesterday at Kearney Park consulting with Manager Frazelle as to the details of the gift.

The purpose is to donate or deed to the school district three acres of land of the estate on the east side of the school grounds. The land is to be used in connection with the public school as a garden and for an experimental garden. While it is intended primarily as a gift, the conveyance will be made under a deed for fifty years terminable at any time on six months' notice being given.

The three acres are at this time in alfalfa and are located between the school boundary line and a ditch. The district has school grounds of about three acres in area, but half an acre is set to a gum tree grove and the school building and outbuildings, and the school grounds, so that there has not been too much playground for the pupils. The school is a fairly large one with a census enrollment of 255 children and an attendance of 171 and the trustees have been looking about for some means of enlarging the school grounds. Negotiations with the regents have resulted in the above arrangement, which will be carried through as soon as the formal papers of transfer can be drawn up.

COWBOYS AND BUCKING HORSES.

**In the Wild West and Far East—Fading
Features in Cody's Farewell.**

One of the many interesting sides of the truly Western type of manhood, the cowboy, is exploited to advantage in Buffalo Bill's Wild West and Far East. Far East, the manager of the show, has organized a goodly band of these rugged Westerners and they will illustrate the daring equestrian deeds which have been repeated upon the open prairie for more than a quarter of a century. They will give riding exhibitions for some samples of the cowboy's sport, and will illustrate with real bronchos the difficult science of broncho busting.

The genuine cowboy is fast passing into history and his long career of usefulness in developing the Western world is being rapidly obliterated. Having bronchos are no sign of fancy; they are as real as the stampede, and to successfully compete with these agencies for injury and death he must be of the genuine type of horseman who will live in history as cowboys.

It is therefore consistent with the Wild West and Far East policy to depict the art of broncho busting, as it must be remembered that not many years ago the ancestors of these same bronchos were the wild horse companions of the American Indian—a part of the animal kingdom with which nature stocked the red man's hunting ground.

In bucking, the broncho applies all the force of his body, exerts his nimbleness, and evidences remarkable dexterity in the contortions of body, head and legs, which he employs to dislodge his distasteful rider. He may jump into the air and land on all four feet with his legs stiff as board; he may swirl and jump and kick and huck in a general melange of devilishness; but his rider must be ever alert as he cannot know just what direction the horse will next jump or what he will next do. It is quite impossible to adequately describe the antics of a bucking broncho; it is a performance which can only be fully appreciated by being witnessed. An unusual effort has been made this season to secure a rare lot of "outlaw" bronchos to celebrate the old prairie scout's Buffalo Bill, farewell visit to our city.

WANT ROOSEVELT TO BE HERE NEXT SPRING

**Cent. California Teachers'
Association May Ask
Him to Speak.**

Preliminary steps will be taken this evening at a meeting of the County Board of Education to arrange if possible the appearance of ex-President Roosevelt in Fresno in connection with the regular meeting of the Central California Teachers' Association here next March. County Superintendent of Schools E. W. Lindsey, president of the association, in response to a query, stated that the plan was under consideration, but as yet no attempt has been made to communicate with Colonel Roosevelt, and that nothing definite could be said about the matter as yet.

Colonel Roosevelt is to speak in Berkeley next spring, it is said, at the University of California, and an invitation will be extended to him to make

a side trip through the valley. It is hoped that through the kindly offices of the faculty of the University of California his appearance here for a speech can be obtained.

SALVATION ARMY IS TO HOLD BIG RALLY

Tonight at 8 o'clock the Salvation Army will hold a big rally in the Army hall. There will be special services at 11 o'clock Sunday morning in A. O. U. W. hall and Sunday afternoon a big rally will be held in the Courthouse Park. On Sunday evening at 8 o'clock there will be another meeting in A. O. U. W. hall. Three noted army officers will be present—Col. Sharp, Major Faulkner and Major Harris. Col. Sharp has lately arrived from Canada and his jurisdiction includes California, Nevada and the Hawaiian Islands. Major Faulkner of San Francisco has charge of the young people's work. Major Harris is of Los Angeles and is in charge of the Southern California division.

SENT TO ASYLUM FOR THIRD TIME

Bat McCarthy was committed yesterday to the asylum at Stockton after a medical examination held by Drs. Cowan and Hopkin. It was the third time that the unfortunate has been sent to a state hospital. He was once before for two years in the asylum at Stockton and for a like period in the institution at Agnew. McCarthy is a native of Ireland, aged 41, who has been in this country since 1888. His case was diagnosed as one of acute alcoholism. Bat is a laborer, last falling from Firebaugh, and he has a brother in this state living at Ingomar.

Always have a tonic in your home
By using it consistently, a good tonic is the greatest insurance against the ravages of many diseases that often result fatally. This is where forewarned is forearmed.

Pabst Extract
The Best Tonic

is accepted in all parts of the world as the standard of malt tonic value—it is the essence of absolute purity and nature's greatest aid to health. It is a predigested food in liquid form, containing the tissue-building properties of rich barley malt and the energizing elements of the lupulin from choicest hops combined in most palatable form.

The United States Government specifically classifies Pabst Extract as an article of medicine—not an alcoholic beverage.

Order a dozen bottles from your local druggist. Insist upon it being Pabst.

CANNON HAS TIME OF HIS LIFE AT CONVENTION IN ILLINOIS

Sees Everything Go His
Way in Platform and
in Speeches.

DEFENDS THE TARIFF

Says Perfect Law Is Impos-
sible; Roasts the Press
for "Lies."

SPRINGFIELD, Ill., Sept. 23.—"Uncle Joe" Cannon, which is the proper appellation down here where many years ago the young lawyer, Joe Cannon, rode the circuit with three law books and the high hope of youth, today and enjoyed himself.

He saw a platform adopted meeting his tariff ideas, heard addresses approving the work of Congress and President Taft, put his arm around many old friends, smoked cigars and delivered a speech himself amid vociferous applause.

He swung his arms, stamped his feet and shouted as he talked, and occasionally he smiled. True, the platform adopted did not mention him by name, but the reason did not lie in himself.

Senator Lorimer's name was omitted as a starter and after some deliberation, but in order that it was agreed to omit the name of Senator Culham and the speaker. Senator Culham personally caused the withdrawal of the plank complimentary to himself.

Cannon declared the insurgents were trying to put a halo on their heads at his expense. He continued:

"This is not a time of war. Thank God, it is an era of peace in this country. I recite this incident not to stir up animosity but in the contest touching economic policies. In the presence of misrepresentation, in the presence of denunciation, in the presence of abuse, in the presence of the uplift magazines and a large portion of the metropolitan press it is time for the Republican party in Illinois and all over the country to stand up and be counted.

"I pray God to help the great party

keep the Republican faith whether we succeed or fail. It is better to fight and fall standing true to correct principles and policies of government which underlie the prosperity of the country, than to cowardly to turn your back to the contest, flee from the enemy, apologize and excuse.

"We made a platform in Chicago in 1908. We nominated and subsequently elected Taft. We elected a Republican House with a nominal majority of 100 more than forty and almost two-thirds majority in the Senate. Taft is a great man. He has the peculiar temperament. He would preserve the co-ordination of the government as wisely as the fathers made the protection of the right and just, weak and strong.

"Taft has performed the duty of his great office and he has left it to Congress to legislate and to the courts to interpret the law. He could not do it if he were to try, because God gave him that kind of mind. The judicial temperament is not spectacular; it does not play the rule of an evangelist. I want the President of the United States to stand by his duties as defined in the constitution and co-operate with his party in writing upon the statute books just legislation, keeping his oath of office to see that the laws are enforced. Taft has done all those things.

"When it came to the crucial moment, we had a bare majority of only five in the House—something which perhaps the country does not understand—but we kept the pledges that were made in the Chicago platform. We enacted the Payne tariff law, which has been abused and misinterpreted from every standpoint. It has been so much abused that some of the children in the country cry aloud, when they wake up at night, and say, 'Oh, mother, mother, the Payne tariff law is about to catch us.'

"When we entered upon the revision of the Dingley law there were some Republicans who said we could not make a scientific revision; we did not know enough; we did not have sufficient information, and they would get up and pick out one schedule or one item in a great measure that included 8500 and denounce it and pound it and stamp it together if they had the way about it together, and if they had kept the Republican platform pledge because of the lack of information; and yet we received our instructions from the national convention to enact a new tariff law.

"While it may be wrong in an item here and there, I want to say that so long as the human race survives, when it comes to making a great tariff law that assists in gathering \$800,000,000 or \$900,000,000 to carry on this government, that must be passed by a majority of the House and Senate representing a territory stretching 3500 miles, from one ocean to the other, miles, from one complex and diverse interests, nobody ever has or ever will, or ever can, enact a perfect revenue law. BEAVERS, OAKS AND SENATORS WIN AGAIN--GIANTS WALLOP CUBS HANDILY

PITCHER MOSER HAS BIG HORSESHOE IN GLOVE

Seals Get But One Run Off 15 Hits; Sutor Fans 13 But Losses.

SAN FRANCISCO, Sept. 23.—With the fifteen hits off Moser's offerings in twelve innings, San Francisco was able to squeeze only one run over the plate today while Oakland gathered but six hits and having thirteen of their heavy hitters struck out by Sutor, took the game by a 2 to 1 score.

Poor base running was San Francisco's downfall. Williams permitted a double steal by Pyl and Hogan in the fourth, which gave Oakland its first tally. Bodie tripped and gave the only run of the day when Tennant singled. The score:

PORTLAND, Sept. 23.—For the third time this week was Vernon blanked today by a 2 to 0 score. The contest was a neck and neck race up to the eighth inning, neither side being able to get a man across the plate. In this inning, Olsen, who had got to second, came home on an infield hit by Casey. The decision on Olsen was very close, and while Manager Hogan was arguing with Umpire Finney, surrounded by a large audience of players, Casey stole second and later scored on a single. The score:

BEAVERS IS THE BEST DIET FOR FOOTBALL MEN TO TRAIN ON

CHICAGO, Sept. 23.—Walter Camp, athletic adviser of Yale, who stopped off here yesterday on his way to San Francisco, believes that "beef" is still a powerful factor in the make-up of a winning football team, notwithstanding the fact that the new rules provide for a more open game.

"It is true that there is more chance for a light fast man to make an eleven under the revised code than formerly," explained Mr. Camp, "but weight will still be a powerful factor in the line and the light back will be working under a handicap pushing in a defensive line of heavy forwards. Weight is still a potential factor in the make-up of a winning eleven and those who contend that the new rules require players of 'beef' are partially right in their contention."

"I was greatly surprised when I learned that the East and West had practically put the same interpretations on the new code," said Camp. "When I learned of the interpretations of the big eastern coaches and officials, I discovered that there was little at variance in the two sections of the country in the rules interpretation."

The official decision will be issued tomorrow or Sunday by Farrell.

PRES. BAN JOHNSON EXONERATES HAL CHASE

CLEVELAND, Sept. 23.—An unofficial exoneration of Hal Chase, the New York baseball player, of the charges made against him by Manager George Stallings was issued late tonight by President Ban Johnson of the American League following a conference with Frank Farrell, owner of the New York team.

Johnson said:

"Stallings has utterly failed in his accusations against Chase. He has tried to besmirch the character of a sterling player. Anybody who knows Hal Chase knows that he is not guilty of the accusations made against him, and I am happy to say that the evidence of the New York players given Vice President Somers this morning showed Stallings up."

The official decision will be issued tomorrow or Sunday by Farrell.

AMATEUR BASEBALL

In one of the first playground baseball games of the season, Lowell defeated the Hawthorne school, 18 to 15, yesterday afternoon. In the last of the ninth, one of the heavy hitters of the Hawthorne school smashed a home into center ground and Leland Harrison saved the game with a sensational catch. Ed Williams umpired the game.

The winners lined up as follows: Catcher Daniel, p. A. T. Daniel, c. Edmond, 1b. Collins, 2b. Chapman, ss. Roy, 3b. Roy, 4b. Roy, 5b. Roy, 6b. Roy, 7b. Roy, 8b. Roy, 9b. Roy, 10b. Roy, 11b. Roy, 12b. WOMAN SUFFRAGE AND SOCIALISM AS TOLD BY A WOMAN

College Graduate, She Says
Socialism Is Strong in
Vassar College.

Passers-by on Mariposa street last evening were struck by seeing among the speakers in an automobile Socialist party woman speaker, Miss Anna A. Maley, one of the most prominent members of the Socialist party and one of the most ardent champions of woman suffrage in the United States. Miss Anna Maley has been prominent in organizing the various chapters of the Intercollegiate Socialist Society of America, founded by J. G. Phelps-Stokes, Horris Hillquit, and Jack London, and points with pride to the progress made in this direction, asserting that Vassar and Smith colleges, two of the most famous women's colleges in the country, have two of the strongest chapters in the society.

Miss Maley, speaking in a strong but well modulated Irish voice, states that she is a suffragist by temperament and a Socialist by conviction. She is devoting herself primarily to work among the women of the nation.

"It's not that women are easier to reach than the men," explained Miss Maley last evening in the parlour of the Hughes, where the Socialist speakers have a suite, "but when they are reached they are much better workers than the men. When a woman is converted to the Socialist movement it becomes as it were part of the fiber of her being, she has a religious enthusiasm for it. It is this intensity, perhaps, which makes women so active in the suffragist movement."

"Yes, I am in favor of woman suffrage," perhaps by temperament. I never could see any justice in the present arrangement. I have to work to get my bread, why should I not be allowed the same privileges that men have?"

"Yes, I went to the Democratic meeting this evening, but I did not hear anything very exhilarating there. I cannot see why, when America has ample resources to provide for all her population and when there are so many in want, that speakers should confine themselves to such matters. There are ten million people in this country below the poverty line. I have noticed in speaking before workmen that when some remark elicits a laugh, the teeth of almost all of the men are out of repair, they are not properly attended to. I suppose the men cannot afford to pay the charges of a dentist."

"But that is getting aside. After

all, everything is a matter of bread, getting. The matter of breadgetting of a nation determines to a large extent the political and social structure of that nation. Socialism, after all, is a science, based on this same manner of breadgetting."

"War? Well, under Socialism war would be abolished. Supposing war were declared with Japan, by the capitalist heads of the government, what in the world would you have against the Japanese soldiers? War usually is simply to extend the foreign markets of the capitalist who is the only one interested in the war."

"How about patriotism?" was asked. "Patriotism," remarked Miss Maley with a smile, "is the last resort of the scoundrel. The philosopher who first said that spoke the truth. The soldiers, impelled to the war by the capitalist, will have no positions when they return. Prof. Mc-Masters, the historical authority, pointed out that our Revolutionary soldiers when they returned to their farms which had to be mortgaged because the men of the family were fighting for their country, in some instances were thrown for two years into the debtor's prison."

"I was a Socialist after I had heard my first Socialist speech, one by Albertson Lee. At college as an undergraduate of the University of Minnesota I helped to organize the Minnesota circle for woman suffrage. Then as a stenographer in a large company that gradually crystallized into a trust I became acquainted with the methods of freeing out competitors, and that helped prepare my mind. Then I worked as a business manager for a while on a New York working men's paper, the New York Call."

In the course of the conversation Miss Maley chanced to refer to Roosevelt as a "pretentious hypocrite," and later as "the frank supporter of the capitalists."

"I think Roosevelt is a pretentious hypocrite when he says he is on the side of the working man," said Miss Maley with her own peculiar brand of cool vehemence. "Take for instance his rushing through the coal regions of Pennsylvania and congratulating in his presence the mother of eighteen little children. How could he congratulate the mother of eighteen children when he knew that when they were 3 years of age they would be put to work on the breakers, to work with bleeding fingers over the lumps of coal."

"Would it be fair to infer," inquired the reporter, "that you think this agitation about race outside is wrong?"

"I do not care to hide behind any inferences," said Miss Maley, with the same almost impersonal vigor she imparted to all of her remarks. "I think that if the women of the working class were of the right fiber, and she corrected herself for the first time, "they have the right fiber, but if they were wise, they would go on a strike as far as race propagation were concerned until the men agreed to make proper concessions. I think that would bring them around pretty quickly."

Miss Maley is traveling with Mrs. William Coward, who is accompanying her husband on his political tour as Socialist candidate for Congress from the sixth district.

PROTECT EXHIBITORS AT THE FRESNO FAIR

Engine and Horse Cart to Be
on Guard; Exhibits Be-
ing Installed.

As a precautionary measure against loss by the directors of the Fresno Fair Association have secured the promise of Mayor Howell and Fire Chief John Wintemute to place an engine and horse cart at the fair grounds during fair week. The apparatus will be accompanied by a corps of firemen. The engine will be kept at the grounds day and night in order to protect the exhibitors against any possible loss from fire.

Yesterday a movement was started which may result in the closing of every business house in the city on the afternoon of Wednesday, October 5th, which is Fresno-Coolidge day. With the exception of an institution, every bank in the city has agreed to close its doors. A meeting of the members of the Fresno Clearing House will be held either today or Monday to decide definitely on the proposition. It has been pointed out in the bankers' club during the big fair at Chicago, St. Louis, New Orleans and Seattle, all the banks closed for a half day, and it is proposed to make Fresno no exception.

Exhibits and other attractions are arriving daily at the fair grounds. Yesterday Mrs. Charles Turner was appointed superintendent of the women's department. Last night B. F. Fly, representing the Fresno fair, appeared before the Electrical Workers' Union and asked the members to participate in the big parade on Union Labor Day. At the conclusion of Fly's speech it was unanimously voted to join hands with the other local unions in the special day festivities. There are approximately 100 electrical workers who will enter the parade.

R. A. Powell, secretary of the fair association, moved his office to the fair grounds yesterday in order to be in close touch daily with the situation in the pavilion where exhibits are being installed. Today Powell and a party of boosters will go to Sanger and vicinity by automobile to put in a good word or two for the Fresno fair.

On next Monday and Tuesday the big boning excursion will leave Fresno bound for southern Fresno county. Fifteen or twenty autos will make the trip. Those who can contribute machines are requested to accommodate the fair directors by notifying Secretary R. A. Powell by telephone or mail.

REPUBLICANS TO DINE WITH HIRAM JOHNSON

County Central Committee
and Candidates to Meet
Next Friday.

The precinct committeemen of the Republican county central committee, the executive committee and the Republican candidates for legislative and public offices will sit down at the banquet table with Hiram W. Johnson next Friday night at 6:30 o'clock in this city and here Hiram Johnson will make his first address to the people of Fresno since his nomination. The banquet will be held at the City Bakery.

Letters have been sent out to all precinct committeemen and to the candidates to be present at this dinner, which immediately precedes the big Johnson meeting which will be held next Friday night in the Barton opera house.

The dinner is also for the purpose of assembling the committeemen and candidates and securing definite ideas regarding the carrying on of the campaign.

James C. Needham will open up his campaign on the following night, October 1, at Reedley. Chester H. Rowell will speak with Needham at that time. Needham will close his campaign on November 5 at the Barton opera house.

MACHINES COLLIDE AT FRESNO AND J

An automobile driven by E. Hoy of San Francisco, collided with a machine driven by N. Kinchloe of this city at the corner of Fresno and J streets, resulting in the breaking of a couple of wheels and the tearing off of a tire. The damage is estimated at about \$200. Hoy struck Kinchloe's car from the rear. Both machines were going slowly and neither of the drivers was injured. Hoy's brakes refused to work. He was driving a Rambler.

CHOLERA SITUATION IN NAPLES IS GRAVE

Thirty Deaths Reported;
Two More Die at Rome;
Russia Suffers.

NAPLES, Sept. 23.—The cholera situation here is grave. There have been fifty cases and thirty deaths. The local authorities will not admit as yet that the epidemic is cholera.

ROME, Sept. 23.—During the last twenty-four hours there have been eleven new cases of cholera and two deaths.

ST. PETERSBURG, Sept. 23.—The figures show that during the present cholera epidemic there have been 181, 278 cases with 58,716 deaths throughout the country.

In the week ending September 17th there was a total of 4412 cases and 2071 deaths. In the last six days there have been 301 new cases and 83 deaths in this city. In the week previous there were 328 cases and 116 deaths.

SEATTLE-PANAMA FREIGHT LINE. SEATTLE, Wash., Sept. 22.—A steamship line between Seattle and Panama has been organized to carry freight only and to connect with similar lines between Colon and New York. The steamers of the new line are the Mackinaw, Stanley Dolan and George H. Fenwick. The Mackinaw will sail for Panama October 10 and thereafter there will be a sailing for the latitude every two weeks.

SEXTON SNYDER IS TO FACE A TRIAL

Pleads Not Guilty to Charge Filed by
Sexton Ray D. Paul; Sensational
Trial Promised.

City Justice Graham yesterday set the trial of S. Snyder for October 10 at 10 a. m. Snyder, who is sexton for the Odd Fellows at Mountain View cemetery, is accused by Ray D. Paul, sexton for the Cemetery Improvement Company of disturbing the peace. Snyder appeared in court and pleaded not guilty to the charge. He was released on his own recognizance. Paul and Snyder have been at odds for many weeks, but this is the first time that the quarrel has been taken into the courts.

Snyder asserts that he may bring a counter charge against Paul. It is alleged that several wire frames were placed on the graves of the departed have disappeared during the dark hours and Snyder says he knows who took these frames. The trial promises to develop some startling features.

Y. M. C. A. CLASSES FOR MEN OPEN SOON

First Class Starts October
3rd; Swimming Pool Is
Enamelled.

The men's classes in the Y. M. C. A. gymnasium will open October 3rd, according to an announcement made last night by Physical Director John Fee. The gymnasium has been put in good shape, and new mats and a spring board have been added, as well as additional stall bars. A welcome improvement downstairs will be the enameling of the swimming pool.

Thirty new lockers have been put in to accommodate the men and boys' departments.

The Senior Leaders will meet this evening to plan the season's work. The boys' classes will open Tuesday and Wednesday, excepting the preparatory class, which will start next Saturday.

All members desiring to take a physical examination are requested to take them now, and those who need gymnasium suits are advised to secure both their suits and lockers at an early date.

HUSBAND ARRESTED ON BATTERY CHARGE

Mrs. P. C. Duncan Says Hubby Came
Home Drunk and Treated Her
Cruelly.

P. C. Duncan, who conducts a second-hand hardware store at 1044 H street, was arrested yesterday by Patrolman Jim Cronkhite on a charge of battery. The prosecuting witness is his wife, who appeared before Police Judge Briggs and swore to the complaint. Duncan was taken into court where he entered a plea of not guilty. He was released on cash bonds of \$500. The wife informed Judge Briggs that she will in the near future institute divorce proceedings against her husband, who is accused of drunkenness and extreme cruelty.

GETS TWENTY DAYS FOR EMBEZZLEMENT

Steve Forazzi was arrested yesterday by Patrolman Jim Cronkhite on a charge of petty embezzlement, the prosecuting witness being a fellow countryman. Forazzi pleaded guilty to the charge before Police Judge Briggs and was sentenced to spend twenty days in jail. The complainant alleges that Forazzi borrowed a kit of plumbing tools from him and then did the unkind act of selling the articles.

HI SCHOOL SENATE ELECTS OFFICERS

The members of the Fresno high school Senate held their annual election of officers last night, those chosen being W. O. Hunter of Minnesota, president of the Senate; Paterson of Oklahoma, vice president; Henton of Alabama, secretary; Fennel of North Carolina, treasurer; Prescott of Kansas, librarian; and McDowell of Nebraska, sergeant-at-arms. Vice Principal J. A. Nowell of the high school faculty, was unanimously elected President of the United States.

PIONEER OF OREGON. TRAIL STILL TRAMPS

En Route on Third Trip to
Get Congress to Mark
the Trail.

KANSAS CITY, Sept. 23.—With the same outfit that housed him when he retraced his course across the Oregon trail in 1892, Meeker, 76 years of age, the Seattle pioneer, arrived here today eastward bound on his third trip over the old pathway. He left Seattle March 1.

Meeker will go to Washington to retrace his fight in Congress for a larger appropriation for placing markers along the old trail.

It is probable that he will present his entire outfit with the exception of his dog, to the Smithsonian Institution. And, in the desire to obtain the outfit, Meeker said tonight they might have it gratis.

The pioneer is making a careful survey of the trail. When he appears before Congress he will be supplied with a map 320 feet long showing the trail in detail. About nine hundred monuments should mark the trail, Meeker thinks, and the cost would be \$5,000.

The appropriation is now \$25,000.

ELECTRICAL STORM STARTS FIRE RELLÉ FOURCHE, S. D. Sept. 22.

Fire, originating from a stroke of lightning last night, destroyed the Ber-hard & Staley flouring mill and the electric light plant here, causing a loss of \$65,000 with light insurance. The electrical storm was one of the worst in years.

AMERICAN ASSOCIATION MAY HAVE TWELVE CLUBS

MEMPHIS, Tenn., Sept. 22.—William Grayson of the Louisville American Association Club is here in an effort to secure the local Southern Association franchise. According to the plans outlined by Grayson, a movement is on foot to prepare a twelve club circuit in the American Association and Memphis is being sought after.

SPECIAL SALE

...OF...
Men's Suits
\$10.75

INQUIRY ON COAL FRAUD WIDESPREAD

Ballinger to Push Inquiry
in Spokane, Seattle and
Portland.

SPOKANE, Sept. 23.—The Chronicle says today:

The scope of the inquiry instituted by Secretary R. A. Ballinger into suspected fraud in coal land claims in Alaska and the Northwest is not limited to the inland empire. It is learned that charges will be pushed almost simultaneously in Spokane, Seattle and Portland. In the inland empire alone, it is reported, 450 citizens will be summoned to testify as to their claims in Alaska, Washington, Oregon and Idaho.

SEATTLE, Sept. 23.—The Alaska land claims which are said to be under investigation by the Federal grand jury at Spokane, are similar to those of the famous Clarence Cunningham group, which caused the Ballinger charges.

Cunningham went to the Katalla district as a mining expert to investigate the reported oil discoveries. He was disappointed about the oil, but found enormous fields of coal. Obtaining powers of attorney from capitalists in Idaho, Seattle and elsewhere, he located 160 acres of land for each of these persons, as the law permits.

The Cunningham group of claims have received great prominence because of the attempt to hurry it to patent, and has overshadowed the other groups located by promoters. A list of the claimants in these other groups contains names as prominent in politics and business as those in the Cunningham group. It was not alleged in the Cunningham case that there had been dummy locators or any irregularity in the filings, but the claims were held up because some of the claimants had entered into an agreement to sell the land to the Guggenheim interests. In the other groups, which are supposed to be now under investigation, some of the men whose names appear as claimants, say they did not authorize the use of their names. Portland, Oregon, furnishes a long list of claimants, largely politicians and bankers and many Californians of high rank are Alaska coal claimants.

STEPSON SHOOT'S FARMER

YUBA CITY, Cal., Sept. 23.—Jefferson Thomas, a well known farmer of Yuba county, was shot and probably fatally wounded today by Amos Hunt, his stepson. The shooting occurred on the Thomas ranch, nine miles from Wheatland and followed a quarrel over the distribution of property. Hunt shot Thomas five times with a revolver. He was arrested.

POSTPONE SALE OF FORT

WASHINGTON, Sept. 23.—Owing to the unavailability of the abandoned Fort Lowell military reservation in Southern Arizona, the sale of about 22,000 acres of land, which was scheduled to take place there on October 10, has been postponed to the general land office.

HOTEL PROJECT PUT OVER UNTIL OCTOBER 15TH BY DIRECTORS
Unless \$29,000 Is Raised the Enterprise Will Be Abandoned.

Projectors Will Not Cheapen Plans or Reduce Size of Structure.

The board of directors of the Fresno Hotel Company met yesterday and after thoroughly canvassing the situation, ascertained that they had not sufficient funds to proceed with the building of the hotel, unless further additional subscriptions could be obtained to the amount of \$29,000.

The hotel, as planned, is to be six stories high, fire-proof, up-to-date, Class A in all respects and will be a credit to the town. The directors were unanimously of the opinion that the hotel should not be cheapened or reduced in size. They were not willing, however, to proceed with the building unless the additional subscription was obtained and concluded to continue the matter until the 15th of October.

At that time, the project is understood, will be abandoned unless the additional subscriptions are obtained. In the meantime the matter will be directly presented to those interested in the welfare of the town, and it is hoped that the subscription will be forthcoming from those who are interested in seeing the Fresno, along with Sacramento and Stockton, is equipped with a hotel that meets the requirements of a city of this class. The present directors and subscribers will regret the necessity, but feel that they must abandon the project unless the additional subscriptions are obtained. If these subscriptions are obtained, the plan is to complete the contract is to be let, and work will be proceeded with at once; otherwise, the project will be abandoned.

There is a complete set of the plans at the office of F. M. Chittenden, on Mariposa street, where the public, or any interested parties, are at liberty to inspect the same.

SCISSORS GRINDER IS PLACED UNDER ARREST
Policeman Finds Two Large Guns on Person of D. M. McDaniels.

D. M. McDaniels, an aged man who makes his living by grinding scissors, was arrested last night by Sergeant Barnum and Patrolman Castner on a charge of carrying concealed weapons. When searched McDaniels had two large revolvers and a fully loaded .41-caliber rifle on his person. One of the guns was an antique revolver, and the other was a .41-caliber rifle, with a barrel ten inches in length. The rifle was a .41-caliber Coats of a late design.

McDaniels was walking along Mariposa street last night when Patrolman Machen saw the end of a revolver protruding from McDaniels' hip pocket. Machen called Castner's attention to the gun. Upon the patrolman following McDaniels along a street and placed him under arrest. McDaniels was cited to appear in the police court at 10 o'clock this morning. The aged man declared that he was carrying the guns for protection. He claimed that someone fired a shot at him about a year ago, the bullet just grazing his head. Since that date he has carried two revolvers and a black-jack.

STEPHENS PAID \$1000 IN THE BAKER ESTATE

Judge Church Grants to Wife Alimony in the Fox Divorce Case.

Judge Church approved the annual accounts in the estate of the late Dr. W. J. Baker of L. O. Stephens as guardian of the person of the minor son and heir under the will. He shows the receipt of \$15,657.24 in money and property and no expenditures, \$5,364.01 on deposit in Bank of Central California and \$7,293.23 in other personal property, including seven \$1,000 bonds of the Associated Oil Company which are in the safety deposit vault in the bank, and real property besides of the value of \$3,000 subject to \$2,000 mortgage, one-half payable by the minor's estate.

As trustee of the minor's estate under the will of Sarah W. Garrett, the account shows assets of \$32,104.90, disbursements of \$13,133.49, cash and property on hand \$913.41, other than \$12,060 money.

Guardian Stephens was allowed \$1,000 as compensation for his services as trustee and \$75 monthly hereafter, also \$500 as compensation for fees of his attorney.

Fred W. Littlefield asks for a partial distribution to him as the only heir of the estate of his father, Samuel Littlefield, all debts having been paid save administrator's and attorney's fees. The distribution is as to \$1,315.78 cash and \$1,217 in city block 226 at J and San Joaquin streets, besides lots 1-4 in Belmont addition block 23. The account shows receipts of \$19,553, including \$15,334 as the value of property, paid out \$219,322, property on hand \$18,000 cash \$13,175.78.

Judge Church made his order yesterday in the contested alimony petition in the divorce case of Elizabeth Fox against Patrick Fox. The latter is ordered to pay \$50 a fee to her attorney, \$50 as alimony for her support and for costs in the case.

D. M. Speed, who was the referee in the contested alimony case of John Doudell vs. John J. Rhoo and others, has put in a claim for \$245 for his services as such for sixty-five days at \$5 a day. This will be charged up as costs in the case.

3 ENGINE HOUSES BEING REFLOORED

This Work Will Cost the City Approximately \$1900 and is Urgent.

Thompson Bros., the contractors, began yesterday on the work of reflooring the three fire engine houses in the city department that demand this repairing most urgently. They commenced on the reflooring of engine house No. 1, at U and Kern streets, and the work there will take up all of two weeks. The wooden floorings will be taken up to be replaced by asphalt paving on a concrete base. The contract for the three houses will total \$1,900. Engine house No. 5 at M and Nielsen and chemical No. 1 at Edie and McKendle streets, will be similarly refloored in turn.

PLAN SHOW FOR BENEFIT OF PROPOSED NATIVE SONS' ORPHANAGE
Fresno Parlor Will Lease Empire Theater for October 8th.

Admission Day Committee's Final Meeting Sunday; N. D. G. W. Busy.

Plans were discussed last evening at the regular meeting of the local parlor of Native Sons of the Golden West, No. 25, for a benefit to be held Saturday evening, October 8th, at the Empire theater to raise funds for the proposed orphanage of the Native Sons and the Native Daughters. The matter has been placed in the hands of a committee headed by W. T. Mattingly, and under his management the affair promises to be a social and financial success, judging from the interest already aroused in the project among the members of the two orders.

The Native Sons and Native Daughters are now at fever heat in finding homes for many orphans, and desire to establish an orphan asylum to enlarge the scope of their charitable work. Throughout the state the evening of October 8th will be devoted to raising funds for this object.

Arrangements have been made for the renting of the theater on this date. Manager Hoon, it is stated, has agreed to have the Spanning Musical Comedy Company present their customary attraction, and the regular program will be supplemented by specially engaged talent for the evening from some of the best soloists and entertainers of the city.

Last night's meeting, the first since the Admission Day celebration, was devoted largely to a discussion of the part the San Joaquin parlor played in the celebration. The committee in charge of the local work, consisting of Messrs. Clark, Graham, Newhouse and Gates, reported that the San Joaquin valley parlor was the best represented of the state, through having thoroughly characteristic floats, and through the lavish display of fruits and products. The open handed entertainment of the San Joaquin parlor, together with other features of their work, stated the committee, brought them more newspaper commendation in the San Francisco dailies than all the parlor of the rest of the state together.

The final meeting of the committee on the Native Sons' Admission Day celebration, with representatives from the various valley parlor, will be held at noon Sunday in the Grand Central hotel, in Fresno.

NATIVE DAUGHTERS HELP.
The assistance of the Native Daughters has been promised in regard to the benefit to be held at the Empire theater on the 8th of October. No regular parlor has been turned out yet. Mrs. Ed Victor, however, who has been working toward the formation of a parlor here, and who has the names of many in favor of such an organization, is of the opinion that a strong one may be formed. All those interested in the benefit and in the formation of a parlor will hold a meeting a week from today. The date of the meeting will be announced later.

STARTS CAMPAIGN TO CHECK TYPHOID FEVER

Health Officer Enlists Aid of Fellow Physicians Against Disease.

Alarmed by an apparent increase in typhoid fever cases, and particularly by the fact that there are half a dozen cases in the Fresno county orphanage, County Health Officer Dr. C. L. Long has started a movement to check the spread of the disease and has asked the co-operation of the other physicians of the community in the campaign.

A meeting of Dr. Long and Drs. A. B. Cowan, T. A. Sample and J. H. Bland, the last the county hospital physician, and Dr. Ernest Pring, the Fresno representative of the state board of health, it was decided to subject to rigid investigation all food supplies at all under suspicion as a carrier of the germs of the disease. Already samples have been demanded from one firm supplying food for public consumption in order that its products may be given a bacteriological examination by the state board.

Some of the disease is believed to be due to children wading in irrigating ditches. Cess pools are another suspected source, and Dr. Long states that he found one cess pool within six feet of a water ditch close to the Kirk school in violation to the law.

In addition in the reporting of cases, Dr. Long has requested all physicians to ascertain as far as possible the probable source of contagion of the cases they attend.

LICENSES GRANTED TO BUILD AND REPAIR

Licenses to build and repair were granted by the city engineer to the following named:

Henry Blaser, for \$500, dwelling on lots 10-11, city block 221; Mrs. Cavell, for \$500, dwelling on lots 8-9, block 26, and D. Behler, for \$100, barn on lots 20-21, block 2.

A. Pieper, for \$300, repairs on shoe shop on lots 3-5, block 33; Mike Athens, for \$50, changes in entrance doors of Wigwam theater, on lots 22-23, block 72, so as to swing both ways, and Ryan & Minard, for \$200, repairs in roadway and roof damaged by fire in residence on lots 6-7, block 115, owned by M. Brophy.

CHICAGO HALL IS A CHURCH HEREAFTER

Chicago hall, on Elm avenue, near Bowles, fourteen miles south of Fresno and an old landmark, has been transformed into a church. It will be dedicated as such next Sunday, and an invitation is extended to all to attend the services at 11 a. m. and at 2 and 7:30 p. m. The pastor is Rev. J. H. R. Boyd, who has been called to much of the credit for bringing the undertaking to a successful issue. The old timers and projectors of the enterprise are especially pleased over the transformation that has taken place.

Every One Who Comes to Kutner's Today Will Find Many Attractive Values in New Fall Merchandise
priced in a way to bring all trading here. Not a tenth part of the story of new goods and the attractive prices can get into the papers. The following announcement only hints at the bigger events that are planned for today.

Today We Sponge All Dress and Wash Goods Free of Charge

A public operation where you can see how cleverly your dress fabrics can be sponged and shrunk.

Stylish Trimmed Hats on Sale Today at \$3.95, \$4.95 and \$5.95

You'll be agreeably surprised to see what a little money will do for you in this busiest of all Fresno millinery stores.

The hats on sale today are a full third less than the usual millinery store prices.

The Popular Hat for Early Fall is the Cloche or Bell Shaped Hat of Satin.

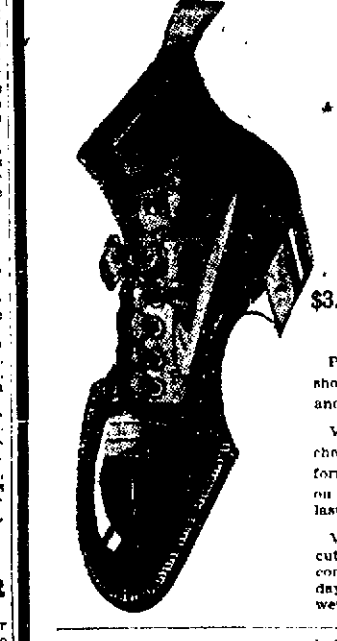

For dressy wear the extremely large black hat in many modifications of the mushroom shape bids fair to dominate the situation.

Draped turbans and those with upright brims are proving general favorites as a semi-dress type.

Pressed and draped varieties of these shapes are taken in satin, velvet, velour, linters' plush, satin, antique and heavier cloth.

Marabou Scarfs, Stoles and Muffs. A splendid collection of these dainty dress accessories.

Appropriate for shopping, for the promenade, for afternoon calling and for all evening events. Just unpacked are some beautiful, soft, fluffy effects in black, black and white and natural, in scarfs and muffs.
